L. Yagol, 53-year-old grocer, was shot and instantly killed early Tuesday night by bandits who robbed him of \$75 in his store, 829 Simpson street. Yagol was struck by three bullets of two different calibers, indicating, according to police, that two robbers fired at him. Two men were seen to run from the store by an eye-witness.

The slayers leaped into a waiting automobile and escaped. At least four shots were fired at the grocer, police said. One struck the wall above Yagol's head. A second grazed his shoulder and became caught in the lining of his coat. The third struck him in the shoulder, ranging downward through the body and almost emerging at the shoulder blade, while the fourth struck him in the mouth, ranging downward into his neck. It was the wound through the mouth which killed Yagol, police said. Police found a .38 caliber slug in the lining of the slain man's coat and a .32 caliber bullet was extracted from the shoulder, indicating, according to officers, that two men fired at the grocer, whose own gun was found with one exploded chamber.

Will Coleman, a negro living across the street from the store, told police he saw two men run from the grocery and enter a waiting automobile. Coleman said he was "not sure, but thought they were negroes." Jim Chambers, of 528 Simpson street, said he saw only one man run from the store a few seconds after the shooting. He could not give a description of the man except to say that he was short and wore a long overcoat. Yagol was alone in the store, preparing to close for the night, when the robbers entered. Hyman Yagol and Nathan Yagol, sons of the grocer, accompanied by their mother, rushed from their living quarters above the store to the store when they reached him. Hyman Yagol informed police that the robbers took \$75 which was in a billfold in his father's pocket. The cash register already had been locked and nothing was taken from it.

The shooting was investigated by Call Officers E. H. Norwood and L. E. Rutledge, who notified Coroner Paul E. Donohoe and sent the body to the undertaking establishment of Sam Greenberg & Co.

Funeral services will be held at 2 o'clock this afternoon at the Greenberg chapel. Rabbi Harry Epstein will officiate, and interment will be in Greenwood cemetery.

25c Fine Frees Negro In Tampa Federal Court

TAMPA, Fla., Nov. 15.—(AP)—The smallest fine ever assessed in the federal district court here was paid today by John Hall, aged negro, convicted of prohibition law violation.

"How much money have you, John?" asked the court. "Two bits," replied the prisoner at the bar.

The sentence of this court is that you pay a fine of 25 cents," ordered Judge Alexander Akerman. The judge said the jail was too cold a place for the old negro.

YOUNG DEMOCRATS PUSH REFERENDUM ON STATE DRY LAW

Vigorous Campaign Is
Launched by Georgia
Group; Plan to Submit
Bill at January Session.

The young democrats of Georgia Tuesday launched what they plan to be a vigorous campaign to obtain a referendum on the state dry law. The referendum, if ordered, will, it is believed, be the first ever held in an effort to repeal an act of the general assembly of Georgia.

The young democrats, acting through the executive committee of the Young Democratic Clubs of Georgia, revealed that they plan to submit the bill calling for the referendum in the forthcoming session of the general assembly. Joe E. Robinson Jr., representative-elect from Thomas county, has been selected to introduce the bill.

The executive committee, after adopting a resolution setting forth its plans to place the democracy of Georgia on the same plane as the democracy of the nation by declaring for repeal, selected Marvin O'Neal, Savannah lawyer, to be chairman of the special committee to campaign for adoption of the referendum.

In connection with the proposed referendum, "eternally legislative" observers said Tuesday that they did not recall a time when a bill ever had a vote on an attempt to repeal an act of the general assembly.

Mrs. William T. Healey, state chairman of the Healey's Organization for National Prohibition Reform, will leave Atlanta this morning to confer with two Georgia members of the Young Democratic Clubs of Georgia, who will visit her at Milledgeville this afternoon and then to Statesboro where she had a conference scheduled with Congressman Homer C. Parker. Mrs. Healey will also spend several days in Savannah conferring with leaders of the wet movement in that city.

In a statement on behalf of the young democrats R. L. Fagan, their secretary said Tuesday concerning the action taken by the executive committee: "Meeting in a caucus Tuesday morning, the executive committee of the Young Democratic Clubs of Georgia, unanimously voted to adopt the plan in the democratic national platform dealing with prohibition and to wage a militant campaign for the repeal of Georgia's state prohibition laws. "Marvin O'Neal Jr., member of one of the 'leading law firms of Savannah, has been appointed to manage the repeal campaign and he will have associated with him a campaign committee chosen from a membership of 25,000 young Georgia democrats."

O'Neal, in a separate statement, said:

REYNOLDS' WIDOW AND AB WALKER FREED OF CHARGES

Judge Grants Request of
State to Free Pair While
Charges Can Again Be
Reopened.

BY A. F. LITTLEJOHN.
WINSTON-SALEM, N. C., Nov. 15.—(AP)—The state of North Carolina today wiped out the murder charges it had placed against Libby Holman Reynolds and young Albert Walker shortly after the fatal shooting last July of Smith Reynolds, millionaire husband of the former and chum of Walker.

Solicitor Carlisle Higgins not pressed the case, with a brief announcement that a thorough study of the evidence against the erstwhile idol of Broadway and the 19-year-old Winston-Salem youth convinced him the state would not be justified in pressing the charges. The announcement came as a brief and unexpected interlude during a petty larceny trial.

"In my opinion," he said, "a trial upon the evidence we have would produce one result only—a verdict of acquittal."

Way Left Open. Higgins read a prepared statement saying that in asking for a not pro per he is leaving the way clear for prosecution should any evidence which may be discovered in the future warrant a reopening of the case.

He can bring the two defendants to trial merely by appearing before a judge and asking that the case be reopened on the grounds of newly discovered evidence.

The case was officially ended at 12:20 p. m. when Judge A. M. Stark, presiding in superior court, directed the clerk to enter the order of not pro per, discharge the defendants and release their \$25,000 bonds.

Defense attorneys said the action of the solicitor was acceptable to them. They interpreted it as the most complete exoneration possible under the laws of North Carolina, saying it restored their clients to the status existing at the time of the shooting.

Textile Executives Favor Shorter Mill Working Week

SPARTANBURG, S. C., Nov. 15.—(AP)—Belief that "a new day is dawning" for the textile industry was expressed by George A. Sloan, of New York, president of the Cotton Textile Institute, following a meeting of the institute's board of directors here today.

"I am hopeful of the future," he said. "The textile industry occupies a unique position in comparison with other industries because of the unusually fine recent demand for its products."

"It rests with the mill executives as to how they will supply this demand to the best advantage—through carefully ordered operations, giving steadily employment to many, or through maximum production, which would close the mills quickly."

The directors, in a closed session, reaffirmed the board's position of opposition to night work for women and minors and adopted resolutions referring the problem to manufacturing groups and advocating a shorter work-week.

The resolutions follow: "First, resolved, that the board of directors of the Cotton Textile Institute reaffirms its belief in the wisdom of the policy regarding the elimination of night employment of women and minors and resolved, further, that the form of co-operation with respect to this matter be decentralized by referring such policy to the several manufacturing groups comprising the cotton industry, for group consideration, administration and individual voluntary acceptance."

"Second, resolved, that the board of directors of the Cotton Textile Institute reaffirms its belief in the wisdom of the shorter work-week recommendation commonly known in the industry as the '55-50' policy, and which has had the approval and support of a great majority of the cotton mills in the United States."

At the opening session Dr. J. D. Mell, of the Georgia Baptist hospital, presented by the committee was between "killing the Georgia Baptist hospital and killing the five Baptist schools of the state."

The budget committee reported that it was faced with a deficit of \$111,000, which would have to be carried over into 1933.

MACON, Ga., Nov. 15.—(AP)—The Georgia Baptist convention developed into a stormy session this afternoon when Dr. J. D. Mell, of Athens, former president, led a fight against the recommendations of the budget committee.

Dr. Mell asserted that the issue presented by the committee was between "killing the Georgia Baptist hospital and killing the five Baptist schools of the state."

The budget committee reported that it was faced with a deficit of \$111,000, which would have to be carried over into 1933.

The budget committee recommended withdrawal of debentures which pay the five Baptist colleges in Georgia \$73,247.60, submitting a flat appropriation totaling \$45,000, and declaration of a five-year moratorium on principal payments and on bonds of the Georgia Baptist hospital.

Preparation of a budget for next year under present conditions is an "utterly impossible task," the committee tonight declared through Dr. J. D. Mell.

A night discussion of the budget, which had been planned, was postponed until morning.

At the opening session Dr. J. D. Mell, of the Georgia Baptist hospital, presented by the committee was between "killing the Georgia Baptist hospital and killing the five Baptist schools of the state."

Canada Gets \$12,200 In 'Conscience' Money

OTTAWA, Nov. 15.—(AP)—The department of national revenue today received a check for \$12,200, the largest single amount of conscience money ever paid over here.

A man and woman appeared at the department office, said they were residents of Montreal and explained that the \$12,200 represented duty with compound interest on articles brought into Canada over a period of years.

ROOSEVELT TELLS OF WINNING TILT WITH 'FLU' ATTACK

Real Nature of Presi-
dent-Elect's Ailment Re-
vealed at Press Confer-
ence.

EXECUTIVE MANSION, ALBANY, N. Y., Nov. 15.—(AP)—Sitting in bed at the executive mansion, Franklin D. Roosevelt late today held his first press conference since last Thursday, telling newspapermen he had been suffering from "a slight attack of the flu."

The president-elect was in good spirits and appeared to have nearly recovered from the illness with which he has been confined to the executive mansion for five days.

Sitting propped up in bed clad in pajamas, a white sweater and an old purple dressing gown, Mr. Roosevelt greeted the correspondents with a grin.

"I have had a slight attack of the flu," he related, "and I ached all over, even to the top of my head, but I feel all right now, although a little weak."

Silent on National Topics. He refused to discuss national affairs or his forthcoming conference with President Hoover. He said "no further consideration" had been given the conference, and would not be taken up until he was ready to leave for Warm Springs. His tentative schedule calls for departure early next week, possibly to arrive there before the party at democratic national headquarters in New York Monday and arrival in Washington Tuesday.

There were flowers from his friends in the room, and the bed was littered with telegrams and papers. With the governor was a secret service man and M. M. Baldwin, Fertis, his counsel.

The governor said he believed he contracted his illness on the day after a week before election when he campaigned by automobile through a pouring rainstorm.

Today, Mr. Roosevelt said, he had his own counsel until reaching the executive mansion.

Mr. Hoover had no comment to make upon the New York governor's suggestion that the conference be "wholly informal and personal" and that the immediate responsibility for the debt problems raised by the foreign requests should rest upon the present executive and legislative authority.

Mr. Hoover has the chief executive yet taken action upon the suggestion from Albany that democrats on Capitol Hill also be called into a separate conference at the White House.

CONFERENCE DATE STILL UNDECIDED

President-Elect Expected
to Set Middle of Next
Week as Time for White
House Parley.

WASHINGTON, Nov. 15.—(AP)—While European capitals waited anxiously today for America's answer to French and British requests for a renewed study of the war debts situation and an extension of the Hoover moratorium, a third request for such action was received at the state department, this one from the Belgian government.

President Hoover, meanwhile, was speeding eastward to dig into the problem with his advisers here and to go over it personally soon with President-elect Roosevelt. The date of the latter meeting had not been set, but Albany dispatches indicated it would occur by the middle of next week.

Administration spokesmen denied press reports (not carried by the Associated Press) that Mr. Hoover favored another year of the moratorium. It was indicated that the administration believes this country should adopt a more rigid attitude than a free and easy granting of extensions. The view apparently was that while some European nations were in financial difficulties, others were well able to pay the sums due on December 15.

Democrats Displeased. During the day, democratic leaders expressed dissatisfaction with the republican administration's handling of the debt controversy and use of them, Representative Rainey, of Illinois, the party's floor leader, asserted that any move to revise the debts would be rejected "in this or any other congress."

The Belgian communication, notable for its brevity, called attention to the French and British notes and said the Belgian government "has the honor to make the same request."

Of a total debt funded at \$400,680,000 Belgium has made payments to America totaling \$52,191,275. The sum of \$2,125,000 is due in December 15 and under present arrangements is not postpayable. British try aggregate more than \$5,000,000,000.

Reserve Heads Favor Money Act Extension

WASHINGTON, Nov. 15.—(UP)—A possibility that the federal reserve board may ask congress for a year's extension of the Glass-Steagall currency act was seen tonight as one important development of the conference here between board members and the governors of the 12 reserve banks. The Glass-Steagall act, providing means to release large amounts of gold from use as currency backing, was rushed through congress at the last session when foreign gold withdrawals created a tense situation. Its effectiveness was limited to one year. The board was represented tonight by the board and reserve bank officials were understood to have had general business conditions under discussion and also the immediate open market policy of the board.

It was reliably reported that no change in the open market policy is contemplated for the immediate future and that the bank will continue to hold their \$1,800,000,000 in government securities.

The work is expected to show differences from the versions now extant, made from the Greek and Hebrew translations.

ELECTION OF DAVIS WILL BE CONTESTED

Rupp to Fight for Senate Seat in Pennsylvania; House Body Acts.

BY HARRY FERGUSON.

WASHINGTON, Nov. 15.—(UP)—The victory that Senator James J. Davis, republican, Pennsylvania, won in the election a week ago today will be contested in behalf of Lawrence H. Rupp, his democratic opponent.

It will be the second time a Pennsylvania senator has been forced to fight for his seat. William S. Vare, after being elected to the senate, was denied a seat. Governor Gifford Pinchot, of Pennsylvania, played a chief part in that drama when he issued a qualified certificate of election, stating: "William S. Vare appears to have been duly elected."

From Harrisburg, Pa., came word today that Pinchot probably would follow the same procedure in the Davis case. Davis is under indictment, charged with participating in what was alleged to be a lottery conducted by the Loyal Order of Moose.

Attention was called to a letter Pinchot sent during the senatorial campaign to Chairman Edward Martin, of the Pennsylvania republican committee, saying:

"I wish now to say that if Davis is elected, he, like Vare, will never be allowed to take his seat for the full term."

Announcement that Davis' election would be contested came today from Dr. Henry A. Cotton, internationally known for his work with the insane, reported a new conclusion to the board of managers of the Trenton State hospital today as he completed 25 years of service there.

The 56-year-old physician, who has long held functional mental disorders result from toxic poisoning of the brain, announced he "was convinced" no patient should undergo a serious abdominal operation, or any operation, without all infected teeth being extracted.

One Pennsylvania political machine, which was not named publicly, borrowed \$1,500,000, Wilson charged, and levied tributes of \$15 on each politician and \$25 on each police captain. He accused the officials of one city of enrolling 18,000 municipal employees in political work, contrary to explicit provisions in the city charter.

He charged that from Philadelphia alone there had come 2,000 complaints of irregularities in last week's election.

He also found evidence, he declared, there had been improper collection and expenditures of campaign funds, and charged the presence of a conspiracy to intimidate voters.

METHODIST MEETING SET FOR ALBANY TODAY

ALBANY, Ga., Nov. 15.—(P)—The vanguard of south Georgia Methodism moved in on this city Tuesday night for the annual conference opening tomorrow night.

Throughout the day Wednesday the thousand or more ministerial and lay delegates expected to attend will be arriving in advance of the first session, which Bishop John M. Moore will call to order at the First Methodist church.

The Rev. Reese Griffin, pastor of the host church, and the Rev. Osgood F. Cook, presiding elder of the Albany district, who were largely responsible for local arrangements, were busy with last-minute plans for the meeting.

Among the business items which will attract first attention of the delegates are the reports of the board of Christian education and the board of temperance and social service. Dr.

BAPTISTS OF GEORGIA IN STORMY SESSION

Continued from First Page.

Motion committee on administration (budget) from James W. Merritt, executive secretary-treasurer, showing a decrease of receipts and in which a suggestion was made that half of the \$111,000 deficit be absorbed in 1933 and the remainder in 1934.

The committee went further, recommending that 1934 notes be given schools for unpaid balances on debentures from the 1932 program; that a committee confer with hospital bondholders to ask a five-year moratorium on principal, reducing the total payments to hospital bondholders from \$45,400 to \$20,400.

Division of Funds.
The division of funds to the various schools as amended just before the report was read would give:
Mercer, \$25,000; Bessie Tift, \$12,000; Shorter, \$2,000; Brewster Park, \$4,000; and Norman Park, \$2,000. Interest but no principal would be paid the hospital bondholders.

"We are confident that nothing less than drastic measures can save our work from disaster," the report read.
Dr. Mell immediately obtained the floor and began an attack on the committee's recommendations.

"Five schools are much more valuable to the Master's cause than one local hospital," he said, "and to adopt the report is to ruin every one of these schools."
He asserted the debentures are morally and legally binding contracts that cannot be rescinded.

"There were several 'amen's' heard as he continued the attack.
Dr. Luther Rice Christie, Atlanta, replied:
"I wish we could sell or give away the hospital," he said. "But we can't get out from under those bonds."
"We've been killing the five Baptist Colleges for years," he declared.
"Twelve months more of this persis-

Washington Retains Home Demonstrator

TENNESSEE, Ga., Nov. 15.—At a recent meeting of the Washington county board of education, of which R. P. Boatright, of Tenville, is chairman, decision was made to retain the services of the home demonstration agent, Miss Buchanan, for 1933. For the last six months the board refused, as a necessary method of economy, to employ a home demonstrator, and it has been through the efforts of women of the county, who raised the funds for her salary by subscriptions, that the work was continued.

County School Superintendent D. W. Harrison states that he has received this year more local school tax than from that source in several years, and the board has paid the salaries of all teachers up to date, and every school in the county (of which 15 are white) will run full time.

tent failure to face the issue we have before us may place them in discard. We are not going to save five schools out of this confusion. It has been for years a hopeless program.

Columbia Speaks.
Dr. L. A. Henderson, Columbus, declared Dr. Christie had lost the issue and insisted that if the debentures are repudiated, Mercer University will be discredited within six months, and will be forced to close soon thereafter.

Several others spoke before recess was taken.
A decrease of \$29,678.54 in receipts of the convention for the first 10 months of this year as compared with 1931 and reductions in operating expenses to overcome that were reported at the convention's 11th anniversary meeting early Tuesday.

From January through October of this year \$237,640.98 was received and for the corresponding period last year the receipts were \$257,319.52, the administrative report showed.

The convention opened at 2 o'clock with a devotional service led by Rev. O. M. Seigler, of Americus. Enrollment of delegates and the organization meeting followed. Dr. E. E. Sammons, president of the convention, presided over the session in the First Baptist church.

A good portion of the 2,410 Baptist churches in Georgia was represented and their delegates were seated this afternoon.
Church finances furnished the major subject for discussion at the initial session. The administration report recommended, for one thing, that next year's state mission budget "be projected on a basis not to exceed the reasonable expectation of receipts for this purpose" as a means of offsetting receipts.

It also reported retrenchments and reductions have made possible substantial savings in various departments. All salaries were reduced 10 per cent, some workers were released and total economies effected in departmental work during the past three years amounted to \$30,000.

James W. Merritt, chairman of the promotion committee, told the convention the "God's acre" plan of raising money had proved of great aid in solving the financial problems of the churches. He recommended that it be promoted with vigor the forthcoming year.

Other reports of this afternoon's program included that of the committee on the order of business. It was submitted by Dr. L. R. Christie, of Atlanta.

A social order that applies science to the destruction of mankind in warfare and crowns leaders who wreck nations as heroes was deplored by Dr. W. L. Pickard, of Tifton, in his anniversary sermon at the convention Tuesday night.

"Nation-Wreckers or Heroes."
"Sin has written the history of the world in the struggle of the members of the race with each other," he said. "Even the highest reach of science is applied brilliantly in producing methods of destruction. And the leaders who wreck nations are crowned as heroes."

"Nations struggle up through centuries of toil and destroy each other, often leaving the unfittest to survive. Earth has more buried nations than live on its surface and more buried art than that which adorns its temples."

Save for the teachings of Christ, the philosophers of the world "from Thales to Kant" have offered no solution to the mystery of death, Dr. Pickard declared.

"I ask you what have they to say to you as you stand by the casket of your beloved dead? Not one of them has one word of certainty to offer. If they speak at all, their only words are 'maybe.' Have they any comfort and hope? You turn to Jesus and ask Him as to the future and what has He to say? Listen again to the eternal present tense of life: 'I am He who was dead, and behold, I am alive forever more, and hold the keys of death and hell in My hand.' He that believeth in Me though he were dead yet shall he live again."

For those who would substitute culture for religion, Dr. Pickard had this to say:
"Every beaded drop of perspiration from the toiler's brow proves the truth of the scriptures. . . . The highest culture of the world has not changed the program."
He blamed warfare, crime, ignorance and moral depravity on one fac-

State Deaths And Funerals

ROBERT B. RAYPER.
METTER, Ga., Nov. 15.—Robert B. Rayper, 49, of Savannah, formerly of Metter, was buried here Sunday. He once served on the Metter police force, but for several years had been connected with the Savannah police force.
Mr. Rayper had been in ill health due to a serious injury by accident in Savannah while serving on the force. He died Saturday afternoon and was brought here Sunday afternoon for burial.

The Rev. J. Walter Hendricks, of Savannah, conducted the funeral here, after which the Masonic fraternity gave him a Masonic burial in the Lake Church cemetery. Some members of the Lake Church of Savannah, of which lodge Mr. Rayper was a member, and members of Metter and Pulaski lodges participated in the Masonic ceremony. He is survived by his wife, Mrs. R. B. Rayper, of Savannah; several children and grandchildren and many friends and relatives of Savannah and Candler county.

THOMAS M. CHEENUTT.
LENEX, Ga., Nov. 15.—Thomas McIntosh Cheenutt, 60, died Sunday morning at 3 o'clock at his home near here after a long illness. Funeral services were conducted from the Tifton Methodist church Sunday afternoon at 4 o'clock followed by interment in the Tifton cemetery. The Rev. W. C. Kahn, of Sparks, and charge of the funeral, assisted by the Rev. H. T. Freeman, of the Tifton Methodist church, and the Rev. J. H. House, presiding elder of the Valdosta district. The Masons had charge of the services at the grave.

Mr. Cheenutt was born at Clinton, N. C., March 4, 1872. He moved to the part of Berrien county which is now Cook about 40 years ago, later moving to Tifton, where he engaged in the grocery business. He retired from business several years ago.

On April 11, 1906, he married Miss Jessie Williams, who survives him, with two children, Thomas W. Cheenutt, of Athens, and Katharine, of Americus. Two brothers and a sister, Dr. O. Lee Cheenutt, A. M. Cheenutt and Mrs. Paul Wingard, all of Atlanta, also survive.

tor—disregard of the Christian teachings. Even the highest research of man's intellect "results in the invention of destructive wars and crimes fill the pages of history. The races of earth become sin's agents for their own and one another's destruction."

"When I consider the almost infinite power of sin and its unspeakable horrors, I am amazed that Almighty God undertook to salvage man from its wreckage."

"God's-Acre Plan" Lauded.
Baptist churches of Georgia have found valuable aid in solving their financial problems by the "God's-acre" plan whereby churches as units and individual laymen have set aside designated tracts for growing farm products to be sold exclusively for church purposes.

That was the report of James W. Merritt, chairman of the promotion committee of the Georgia Baptist convention, made at the annual meeting here today.

He said the committee has pressed a vigorous, statewide campaign in behalf of the plan and the benefits have been obvious.

"The God's-acre plan is practical and has proved of great value in the task of financing both local church work and denominational causes and of more fully enlisting and developing church members," the report read.

"While complete God's-acre statistics for last year could not be obtained, enough information was secured to reveal the fact that this plan played a large and important part in the life and prosperity of each rural church where it was given a fair trial and that its use throughout the state has multiplied many fold."

He recommended that the plan be promoted with vigor during the forthcoming year.

Mission Work Outlined.
Mr. Merritt also told the convention that state mission work of the Georgia Baptist convention has been carried forward aggressively and has been marked by fruitful achievements even under the severe limitations imposed by an inadequate budget.

"Above all, we need to keep before us the vital fact that our state mission task in Georgia is an unfinished task, that the needs and opportunities are as great and challenging as in pioneer days and we will do well to look forward to the inauguration of a greatly enlarged program of activities in this important field as early as the necessary funds are available for this purpose," Mr. Merritt's report read.

He disclosed Georgia Baptists have contributed \$16,545.04 this year to an emergency fund of the Southern Baptist convention for state and foreign missions.

"POLITICS" IN CHURCH SCORED.
AT ALABAMA CONFERENCE
MONTGOMERY, Ala., Nov. 15.—(P)—Dr. W. O. Carver, of the Southern Baptist Theological Seminary at Louisville, Ky., told the pastors' council of the Alabama state Baptist convention today that ministers should "preach citizenship but not dabble in politics."

"If you haven't been criticized for your work in civic affairs, then you haven't been sufficiently active," Dr. Carver told the pastors.

"It has been my observation that the politicians welcome the ministers so long as they are on their side but rush up with accusations when we are against them."

"You should not tell your people how they should vote, but you should have the courage to fight for principles. You can't be a political partisan and preach righteous principles."

School Accepts Cows As Georgia Boy's Pay

HENDERSONVILLE, N. C., Nov. 15.—Fruitland Institute, located near here, like so many other schools of like nature over the country, has reached the point where anything usable is considered a good medium of exchange. Frank Bridges, of Baskely, Ga., wanted to go to Fruitland, and Fruitland wanted Frank. An agreement was made with J. O. Bridges, Frank's father, to accept cows as past payment on expenses.

Frank trucked his cows a distance of more than 450 miles to Fruitland, and has been placed in charge of all cows, both beef and milk cattle.

The school is just entering this field, but it is growing rapidly. It has already grown so much that Frank has two helpers. Fruitland is trying to provide ways for boys and girls to help pay their expenses through school and at the same time develop themselves in some vocation.

DR. JOHN M. POER DIES AT WEST POINT HOME

WEST POINT, Ga., Nov. 15.—Dr. John M. Poer, prominent physician and leading citizen, died at his home here Tuesday afternoon after 10 days' illness. Dr. Poer was steward of the First Methodist church, a member of the Young Men's class, which he frequently taught, and member of the Rotary Club, and surgeon of the Atlanta & West Point railroad and had a large practice as physician in West Point and surrounding country. He was a former president of the West Point board of education and Chamber of Commerce.

Funeral services will be held from the First Methodist church Wednesday afternoon at 2:30 o'clock. Interment will be at Marseillaise.

NEW CHURCH BUILDING IS OPENED IN LENOX

LENEX, Ga., Nov. 15.—The new Methodist church here has been formally opened at exercises conducted by the Rev. W. C. Kahn, of Sparks, the pastor, and the Rev. J. H. House, of Valdosta, the presiding elder.

Work on the new building was started in June. The building has been fully paid for, the Methodist church requiring that a building must be paid for before it can be dedicated.

Trotsky Leaves Isle For Copenhagen Visit

ISTANBUL, Turkey, Nov. 15.—(AP) Leon Trotsky, who was exiled from Russia for his opposition to Joseph Stalin, left last night for Marseilles on the way to Copenhagen, it was learned today.

He was accompanied by his secretary, his wife and his daughter, and intends to spend at least a week in Copenhagen where he is to deliver a lecture at the university. The Danish government has given him a three-month visa which may be extended for three months, but Trotsky will have to come back here when that period has expired.

James Goodwin Hall, Noted Pilot And Ex-Atlantan, To Wed Heiress

Miss Ann Valliant Burnett, of Fort Worth, reputed to be one of "Texas' richest heiresses," and James Goodwin Hall, former Atlantan and son of a former city physician of Atlanta, Dr. J. G. Hall, will be married in New York city today, according to advices received in Atlanta Tuesday.

Hall, known popularly in aviation circles, is a broker in New York and in the last few years has become widely known for speed flights. A year ago he narrowly escaped death when his plane fell on Staten Island, killing a passenger and a woman resident of the island.

His father, Dr. Hall, was city physician of Atlanta for a number of years, retiring when the United States entered the World War, and serving as a doctor in the army. At the end of the war he remained in military service, removing to Virginia near Washington, D. C., where he resides. He retired recently with rank of colonel. Several months ago Dr. Hall visited friends in Atlanta.

Miss Burnett is the granddaughter of the late Captain S. Burk Burnett, millionaire cattleman of Fort Worth. About 10 years ago she inherited a large part of her grandfather's estate, which was estimated at \$20,000,000, and also was awarded more than \$500,000 in her divorce settlement several years ago with Guy Waggoner, son of W. T. Waggoner, millionaire oil and cattleman of Fort Worth.

The bride-to-be is the daughter of Mrs. Ollie Lake Burnett, of Fort Worth, and Tom L. Burnett, of Iowa Park, Texas. She has been active in Junior League and social circles in New York.

Board Head Backs Police Retirements

Councilman G. Dan Bridges, chairman of the police committee, Tuesday backed Alderman Ed A. Gilliam, another member of that body, in his contention that unfit members of the police department must be retired from service.

Chief of Police T. O. Standivant will not return to Atlanta before Thursday, it was said Tuesday at his office, and the police committee meets Thursday night.

City physicians have completed examination of the 322 departmental members and have listed 271 defects among them. Many of the members are suffering from several ailments.

It is expected that about a dozen of the veterans will be retired to bolster the efficiency of the department. Gilliam contends that those unable to perform police duty should be retired, and that young and virile men should be selected to succeed them.

U. S. COST GROWTH TRACED BY BECK

NEW YORK, Nov. 15.—(AP)—One of the most important causes of the great expansion of governmental expenditures during the last 20 years, Congressman James M. Beck, of Pennsylvania, said today, was adoption of the federal income tax.

Beck, addressing the 37th annual convention of the National Association of Manufacturers, declared the income tax had set up machinery for "pillaging" the industrial states for the benefit of the smaller agricultural states.

Other causes of increasing government cost, he said, were the transformation of the American people's philosophy from an individualistic to a collectivistic character, the Great War and its resultant debt burden, and the gradual breakdown of the dual form of government through which he said the states have abandoned many of their privileges and powers to the federal government.

Beck cited figures which he said showed that the per capita federal tax had increased from \$1.93 in 1850 to \$38.42 in 1930, or approximately 2,000 per cent. Since 1913, when the income tax amendment was adopted, he said, total expenditures have increased from \$724,000,000 to the current year's budget total of \$4,700,000,000.

Mayor Key To Be Host and Presiding Officer at C. of C. Luncheon; Enlarged Scope Planned.

Discussion of ways and means to enlarge the scope of the back-to-the-farm movement as advocated by the Chamber of Commerce and Mayor James L. Key will be discussed at a luncheon at the chamber at 12:30 o'clock today attended by civic and business leaders of the city. They will be the guests of Mayor Key.

The movement launched a few months ago through the efforts of the mayor and the Chamber of Commerce has proven such a success that it is now their desire to enlarge the work, provided the necessary funds are forthcoming so as to send at least 1,500 families back to the farm within the next 12 months. This, it is pointed out by Mayor Key, not only would give worthy poor a chance to earn a livelihood but would relieve the city of a burden to its taxpayers in caring for these families through charity.

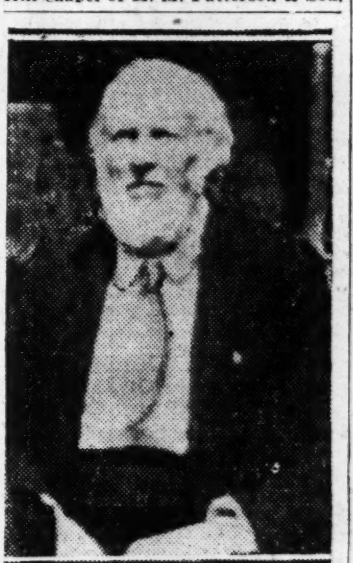

The movement already has been accorded the hearty support of the Georgia Press Association, Governor-elect Eugene Talmadge and other prominent organizations and individuals. The movement is being pushed through the efforts of Mayor Key and the Forward Georgia committee of the chamber. The guest list at the luncheon today includes approximately 50 prominent persons, and representatives of the various organizations who have contributed their support are expected to attend. Many are from out of the city.

Jack Williams, editor of the Waycross Journal-Herald, president of the Georgia Press Association and vice chairman of the Forward Georgia committee will be one of the speakers. He is expected to tell of the co-operation of the state government in the movement to enlarge the scope of the back-to-the-farm movement. He will also discuss the plan to enlarge the movement as co-operation of agriculture, has been invited to the luncheon but will be unable to attend, it was stated Tuesday night. However, he will be represented and has sent a written message reiterating his pledge of co-operation to be read by Roy LeFraw, president of the Chamber of Commerce and chairman of its Forward Georgia committee.

Some of the local guests, representing organizations include Scott Allen, president of Rogers, Inc.; Robert P. McLarty, commander of Atlanta post, No. 1, American Legion; Mrs. W. P. Dunn, president of the Atlanta Woman's Club, and others. Mayor Key will preside.

D. F. GREEN, PIONEER, DIES HERE AT AGE OF 91

D. F. Green, 91-year-old Confederate veteran and pioneer Atlantan, died early Tuesday morning at his residence at 982 Sparks street, S. W., following several years of failing health. The funeral will be held at 2 o'clock this afternoon at the Spring Hill chapel of H. M. Patterson & Son.

D. F. GREEN.

with Dr. C. R. Stauffer and the Rev. R. D. Walker officiating. Interment will be in West View cemetery.

Born and reared near Atlanta, Mr. Green farmed for many years near Villa Rica before coming here nearly 50 years ago. He was a member of the Pleasant Grove church in Villa Rica and was well known in Atlanta, where he had taken an active part in the affairs of the United Confederate Veterans.

Besides his wife, he is survived by nine daughters, Mrs. Annie Bickel, staff, Mrs. Lula Pritchard, Miss Eva Green and Mrs. William Scott, of Atlanta; Mrs. J. H. Robinson, of Carrollton; Mrs. Dora Carr, of Temple, Ga.; Mrs. C. L. White, of Birmingham, Ala.; Mrs. Horace Peacock, of Fairburn, and Miss Gertrude Green, of Cincinnati, Ohio; nine sons, Joe Green, of Atlanta; Charles Green, of Pittsburg, Texas; Bob Green, of Carrollton; Earl Green, of James, Texas; Tom Green, of Holly Pond, Ala.; Sterling Green, of Richland, Ga.; E. P. Green, of Fort Payne, Ala.; J. H. Green, of Orlando, Fla.; and J. M. Green, of Waco, Texas, and several grandchildren and great-grandchildren.

A. M. E. CONFERENCE TO OPEN IN MACON

MACON, Ga., Nov. 15.—The Maccon conference of the A. M. E. church will convene in its fifty-sixth annual session in Allen Chapel A. M. E. church here Wednesday. Bishop W. A. Fountain, A. M. E. Ph. D., of the sixth episcopal district, will preside.

The pastor, Rev. David Norris, B. D., and congregation, held a program of welcome on behalf of the bishop and delegates on Tuesday night.

Drs. E. Griggs, T. W. Evans, G. B. Lancaster, T. J. Linton, David Norris (district supply), are the presiding elders of the conference who are busy with pastors and religious workers of their districts planning for the first day session of Wednesday.

Rebels in Honduras Defeated in Battle

TEGUCIGALPA, Honduras, Nov. 15.—(UP)—Recapture of the town of San Pedro from rebel forces and other federal successes were reported officially today, with casualties unofficially estimated at more than 200 killed or wounded.

Most of the casualties occurred in a fierce 12-hour battle at San Pedro, which the rebels under William Cerna had captured yesterday without resistance.

Coleman and his second in command were reported killed in the battle.

Fierce fighting near Trujillo also resulted in a federal victory, it was reported. Two rebel leaders, attempting to capture the city were repulsed and fled to Sava, where federal troops again attacked and dispersed them.

POLICE GUNS ROUT YEGGS FROM STORE

Routed by pistol fire from police, safe crammers at a Piggy Wiggly store at 1205 Edgewood avenue, N. E., overlooked \$86 in bills in their hurry to escape with \$75 in silver early Tuesday morning, according to police reports.

Patrolmen Sutherland and Elliott discovered two men in the act of robbing the safe early Tuesday. The robbers jumped into a car and escaped in the dark through a hail of bullets. While officers were investigating they heard the car return and ran into an alley in time to see a third man, hidden behind some packing cases, run out and get in the machine, carrying a package containing the silver. Both officers fired again, but the car failed to stop.

ECONOMIST CAN SEE BETTER DAYS AHEAD

CHICAGO, Nov. 15.—(AP)—An expression of confidence "that things are clearing up and that we have seen the worst of this great national and world disaster" was expressed tonight by Dr. Benjamin M. Anderson Jr., economist of the Chase National bank of New York, in an address before the Illinois Manufacturers' Costs Association.

Early in December

CHEVROLET

will present

A NEW CAR

of such importance that no person interested in the purchase of a low-priced automobile can afford to disregard it . . .

AMERICA naturally expects big things of Chevrolet. For it is Chevrolet that first brought beauty and comfort to the low-price field . . . pioneered the six-cylinder engine . . . built the most economical cars, and the most dependable. And it is Chevrolet who has led the world in sales for 4 of the past 6 years.* So each year at this time America looks to the leader to learn what's new in the way of low-priced transportation.

And again America's confidence is fully justified. The new Chevrolet, to appear early in December, advances standards in every phase of motoring. Again Chevrolet has broken boldly with the past wherever change means improvement in style, comfort, smoothness, performance, safety, economy, and dependability.

Chevrolet engineers have packed this latest of a long line of successful cars with thrill after thrill and advancement after advancement. Fisher body

craftsmen have taken advantage of an even longer wheelbase to contribute coachwork which is unique in the low-price field—including dynamic new styling, and an invention which you will immediately recognize as one of the most fundamental comfort improvements of all time. And the experience gained in the production of more than 8,000,000 cars, together with the marked advantages that naturally accrue to the leader in sales, has made it possible to build the new Chevrolet at a price which takes account of today's incomes.

So keep an open mind on the question of an automobile purchase until you see Chevrolet's Great American Value for 1933. And watch for it next month! It will prove to you, beyond a doubt, that this is the time to buy a car, and this is the car to buy.

SALES TAX LOOMS AT SHORT SESSION

Rainey Sees Little Hope for Beer Quickly and Advocates New Tax.

UPSHAW TO FIGHT BEER BILL IN COURT

NASHVILLE, Tenn., Nov. 15. (AP)—William D. Uphaw, prohibition candidate for president in the recent election, said in an interview today that if congress enacts beer legislation he will file suit challenging the constitutionality of the act.

"As head of the prohibition party," he said, "I will feel it my duty to test the constitutionality of such legislation, and in this I feel sure that all the other drys will join heartily."

WASHINGTON, Nov. 15. (AP)—With the federal deficit mounting steadily, congressional leaders today began talking of the enactment of a manufacturers' sales tax and legislation of beer for revenue at the coming short session.

Representative Rainey, of Illinois, the democratic floor leader, said he could not "think of any other source" except a sales tax "from which to obtain" additional revenue required by the treasury.

Chairman Collier, of the house ways and means committee, and Rainey both said they were opposed to the sales tax as a matter of principle but that it may have to be resorted to for emergency purposes.

Immediate passage of a uniform and moderate manufacturers' sales tax to be supplemented by legalizing beer was proposed by Representative Britten, Illinois republican. Rainey expressed doubt that the present congress would enact beer legislation while Collier estimated revenue amounting to about \$300,000,000 could be derived from that source.

"The present congress is dry," Rainey said, adding he did not believe the shift among dry members was sufficient to bring approval of beer or the adoption of a resolution to repeal the 18th amendment.

"There is no doubt, however," Rainey said, "that the next congress will approve a beer bill and repeal of the 18th amendment."

Representative Britten said "immediate passage of a manufacturers' sales tax should bring not less than \$400,000,000 into the federal treasury through a uniform but modest sales tax on everything but foodstuffs and the cheapest kind of wearing apparel."

"The tremendous vote throughout the country would justify the modification of the Volstead act and a revenue tax on beer before Christmas which would immediately place in circulation \$200,000,000 for the rehabilitation of the breweries of the country," he said.

Britten estimated \$50,000,000 revenue monthly could be collected by the Style Pen Sale.

The Style Pen Sale now being held at Jacobs Main Store at Five Points is breaking all records! Thousands of Atlantans have found that the Style Pen is especially useful to the individual who desires a pen that writes smoothly, easily and nicely.

The Style Pen glides over the paper just as if you were writing on a soft piece of velvet. It also makes 3 to 4 carbon copies.

If you'll clip this advertisement and bring it to Jacobs Main Store at Five Points, it will list you \$1.01 to you. Pay 30c—and a regular \$1.40 Pen is yours. A guaranteed-for-life certificate is given with each pen.

Tire Manufacturers Address Dealers Here; Sales Problems, Competition, Discussed

Executives of the Goodyear Tire and Rubber Company attending the convention of the National Tire Dealers' Association. Left to right, W. H. Miller, manager of the southern division; G. A. Waddle, assistant sales manager; L. E. Judd, manager of public relations; and Grover C. Starnes, Atlanta branch manager. Staff photo by Sandy Sanders.

Problems of sales and competition were discussed and notable of the tire industry were heard by the National Tire Dealers' Association in convention at the Biltmore Tuesday.

At the morning session an address was made by P. B. Means, of the Firestone Tire and Rubber Company, and in the afternoon Frank A. Seiberling, president of the Goodyear Tire and Rubber Company, spoke on "The Future of the Independent Tire Dealer."

TEN MILLION GALLONS OF WHISKY ON HAND
WASHINGTON, Nov. 15. (AP)—On hand in the United States at present are 5,695,000 gallons of aged whisky, plus nearly 5,000,000 gallons of newly produced whisky which will be available for bottling between the fall of 1933 and the spring of 1934.

Much of this represents whisky being produced for medicinal purposes. Brandy in bond in September of this year amounted to slightly more than 1,000,000 gallons and wines in bonded wineries and storerooms last June 30 totaled 18,659,000 gallons. Government officials said today that beer, produced for the cereal beverage trade but as yet undistilled, amounts to 25,000,000 barrels.

ILLINOIS EXECUTIVE URGED TO CALL PROHIBITION SESSION
SPRINGFIELD, Ill., Nov. 15. (AP)—A resolution calling on Governor Emerson to summon a fifth special session of legislature to consider repeal of the Illinois prohibition law and the search and seizures act was passed, 65 to 21, today by the house of representatives. Similar action by the senate is deemed assured.

BRITISH COLUMBIA FEARS REPEAL BY UNITED STATES
VICTORIA, B. C., Nov. 15. (AP)—The British Columbia liquor board is worried about the possibility of the United States going "wet" but it isn't fear of loss of foreign trade but of the possible "double" smuggling that might result.

If the tax placed on liquors by the United States, should that country repeal prohibition, is materially less than that levied by the dominion government, the board members said today, smuggling of liquor into Canada probably would increase tremendously.

GRAPE GROWERS PLAN \$2,000,000 EXPENDITURE
SAN FRANCISCO, Nov. 15. (AP)—The newly formed Grape Growers' League of California estimated today after a survey that more than \$2,000,000 would be spent and in excess of 1,500 men would be employed in the reconstruction and equipment of wineries in California in the event this beverage is legalized at the December session of congress.

PUERTO RICANS SEEK DRY LAW AUTHORITY
SAN JUAN, Puerto Rico, Nov. 15. (AP)—A resolution asking the United States congress that authorize the island government to deal with the question of prohibition is under consideration at the special session of the legislature called to pass on hurricane relief measures.

VOTE OF DRY PARTY ESTIMATED AT 500,000
CHICAGO, Nov. 15. (AP)—Edward E. Blake, executive chairman of the prohibition national committee, today estimated the national prohibition party vote in the presidential election at 500,000.

He based his estimate on scattered returns that have reached party headquarters, from which he struck an average.

REPEAL IN OHIO FEARS VETO OF GOVERNOR
COLUMBUS, Ohio, Nov. 15. (AP)—Any change the Ohio legislature may make in the state prohibition laws prior to the repeal or amendment of the federal laws will be vetoed, Governor George White said here today on his return from a week-end sojourn in New York.

To amend or repeal Ohio's prohibition laws before the federal law is repealed or changed would only result in "chaos and confusion," the chief executive said.

BAPTIST RESOLUTION OPPOSES WINE, BEER
CHARLOTTE, N. C., Nov. 15. (AP)—The state Baptist convention opened its annual session here today by adopting a resolution protesting against the legalization of the sale of light wines and beer.

MOREY WILL SPEAK TO AD CLUB TODAY
Sylvester M. Morey, advertising manager of the Sinclair Refining Company, New York, will speak to the Advertising Club at a special luncheon meeting today in the roof garden of the Ansley hotel. Mr. Morey's subject will be "Making Advertising Pay in 1933."

Mr. Morey, accompanied by Joe Beck, of the Federal Advertising Agency, is in Atlanta to discuss advertising plans for the new year with southeastern district officials and to show an exhibit of Sinclair advertising which he used to convince his board of directors that advertising will pay in the new year.

As Mr. Morey's talk before the club will not be of a technical nature, but distinctly from a layman's viewpoint, all sales and merchandise executives have been invited to the meeting. Ted Doolittle, "The Village Nutsmith," and others of the WGST staff will furnish the music and entertainment, and the whole program will be broadcast over WGST. The meeting will start promptly at 12:15 o'clock.

2,500 ATTEND MEETING OF NEGRO STUDY GROUP

A total of 2,500 persons attended the second day's session of the Association for the Study of Negro Life and History, held Monday at the Sisters chapel of Spelman College and at Morris Brown University. Prominent educational leaders and workers for the advancement of the negro race made addresses.

"The Negro in Business" will be the subject of two lectures this morning at 10:30 o'clock at Clark University, and a business session will be held this afternoon in the library of the Atlanta University. Three lectures will be delivered at a meeting tonight at Spelman. On Monday the negro in slavery and reconstruction days; progress since emancipation and the negro in the professions were discussed.

Among the speakers were P. W. Holmes, Atlanta attorney; Professor R. W. Doyle, of Fiske University; R. W. Logan, of Washington, D. C.; G. A. Bacon, of Atlanta University; Dean J. H. Johnston, of the Virginia State College, and Dr. A. B. Jackson, of Howard College, Washington, D. C.

At today's session committees and officers will make their reports and new officers will be elected. John Reason, president of the American Association of Advertising Agencies, will discuss advertising standards for the tire industry.

William O'Neil, president of the General Tire & Rubber Co., will be in attendance at the banquet tonight, after which the meeting will adjourn.

3 STATES GRANTED R. F. C. RELIEF LOANS
WASHINGTON, Nov. 15. (AP)—The Reconstruction Corporation today authorized relief loans to Kansas, Texas and Florida totaling \$1,652,947. The Kansas loan, for \$688,208, is for use in 99 counties. The Florida one of \$729,734 is for 59 counties. Texas gets \$237,097.

Other men and women prominent in public affairs, including Congressman M. C. Tarr, of the seventh district; Mrs. J. W. Gholston, president of the Georgia Federation of Women's Clubs; Mrs. R. H. Hankinson, president of the state Parent-Teacher Association, and Mrs. M. E. Judd, of the state control and forestry board, added their approval to the recommendations of the governor. Other endorsements came from several leaders in civic and private life.

Indications that the Georgia campaign will be highly successful this year were explained by Stone J. Crane, general field representative of the Red Cross. According to present prospects, the state will enroll one of the largest memberships since the World War, he said.

In addition to the Atlanta chapter, others, including Rome, reported intensive work afoot to enroll members.

Do Not Tempt Fate, Misfortune; Secure Protection of Insurance
Why tempt misfortune? Those who do often compose the element in society that stands in need of charity; their children keep orphan's homes running busily. It is best to face and sanely think out problems that affect you and then take measures to guard yourself against hazards that beset your path in life. Every day you read in the newspapers of some horrible accident which claims life or limb, and you know that privation will result. Proper insurance protection would have averted this latter situation. Are you properly insured? Are all the members of your family between the ages of 15 and 16 insured against travel and pedestrian accidents? If not, can you offer any excuse for not doing so when you take into consideration that you and they can be protected at the small cost of less than 2 cents per week each? The Constitution offers you the famous travel accident policy issued by the North American Accident Insurance Company of Chicago. This insurance is offered to subscribers and immediate dependent members of a subscriber's family between the ages of 15 and 60 on the one subscription going into that home at the small registration fee of \$1 each per policy per year. The policy The Constitution offers you provides for payment of sums ranging downward from \$10,000 for travel, \$1,000 for auto and pedestrian deaths resulting from certain specified accidents, heavy sums for permanent injuries, and \$10 weekly indemnity for total disability resulting from the accidents set forth in the policy. All this for only \$1 registration fee—just about 2 cents a week. The policy is issued by the North American Accident Insurance Company, of Chicago, Ill. The reliability of this concern is proved by the fact that already more than \$150,000 in cash has been paid on claims to Constitution policy holders. This insurance is offered to old and new subscribers alike. One who is now taking the daily and Sunday Constitution, or will subscribe for same through carrier in Atlanta or suburbs, through an out-of-town carrier or dealer, paying for the paper weekly, monthly, or otherwise, is a subscriber and is eligible. Paid-in-advance mail subscribers can also have this insurance by paying the small registration fee of \$1 in addition to the subscription price. MANUFACTURER RAPS FEDERAL COMPETITION

Could 'Lick U. S. to Death' on Business Basis, Says Indianan.

BY LATHROP MACK.
CHICAGO, Nov. 15.—(P)—George C. Miller, manufacturer from Mishawaka, Ind., testifying on the growth of government bureaus today before a congressional committee investigating government competition with private industry, said that "the trend in that direction is dangerous." "We must get started on the back track," he said, "if government remains in business, let's put it on a business basis."

"I'm not afraid to bid against the government on a business basis," he said. "I could lick it to death. But I have a genuine fear of the growth of federal agencies. It should redelegate activity to the states. It has been monkeying with the farm problem since 1890, putting in fingers here and there and gumming up the works."

Miller said that leaders with courage were needed to oppose bureaucracy in congress.

A&P Head Is Felicitated On 39th Year With Company

B. F. Vinson, vice president of the southern division of the A&P in charge of the Atlanta unit, is shown at his desk surrounded by flowers sent to him on the 39th anniversary of his service with the company.

Surrounded by flowers B. F. Vinson, vice president of the southern division of the Great Atlantic & Pacific Tea Company, in charge of the Atlanta unit, received felicitations floral, verbal and by wire Tuesday on his thirty-ninth anniversary as an employee of the company.

For Mr. Vinson Tuesday, November 15, was just another day, although it marked a long, continuous and successful service with a great organization. There was no special celebration, but friends in the organization, as well as notables of the food industry generally, called on him or greeted him with telegrams.

His story is a typical American story of a young man starting at the bottom and going to the top. On November 15, 1893, he began as a clerk in an A. & P. store in Savannah. He was transferred subsequently to Augusta and then came to the organization in Atlanta. He was born in Milledgeville.

The Atlanta A. & P. unit at that time had only a handful of stores. Subsequently under Mr. Vinson's supervision it expanded as far south-west as Texas, and had more than 700 units. The expansion was so great, in fact, that in 1923 the unit was decentralized. Texas, Florida and other portions were placed under the direction of separate superintendents.

At present the Atlanta unit, as directed by Mr. Vinson, has 235 units located in Georgia and parts of Alabama and North and South Carolina. Mr. Vinson has seen men under him rise to high places in the organization, notably R. M. Smith, of Jacksonville; W. A. Perry, of Houston, and O. R. Black, of Birmingham, all of whom have important executive posts and started their careers in humble capacities in the Atlanta unit.

Mr. Vinson has been too busy in his work to give much time to other activities. He, however, is a member of the board of stewards of the Grace Methodist church, and is a Shriner.

The Atlanta unit, thanks to Mr. Vinson's direction, is now rated as one of the outstanding ones of the A. & P. organization. The fact that Mr. Vinson is a southerner and is familiar with the peculiar tastes of his community has had much to do with his success in a business which requires a keen sense of what the public wants.

Business Has Faith in Roosevelt, F. A. Seiberling, Tire Head, Says

Business has every reason to feel confidence in the leadership of Franklin D. Roosevelt, president-elect of the United States, Frank A. Seiberling, president of the Seiberling Rubber Company, said in an interview in Atlanta Tuesday at the convention of the National Tire Dealers' Association. He spoke there afterwards at the afternoon session.

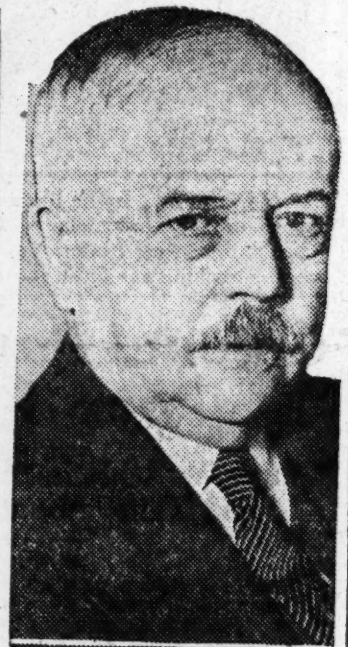

"As for business itself, I can't say that there has been much improvement," he added, "and I don't expect to see any radical change in the near future. We have about struck bottom, and we shall gradually push ourselves up."

"Mr. Roosevelt is an able man, and no one need fear that he is going to do anything rash. He will surround himself with an able cabinet, and I believe that business will be helped."

"The recovery, however, is a matter of economics rather than politics. The whole world went on a spree in 1928, and it is now trying to recover. That we shall recover I have no doubt. A country with 100,000,000 people in it will not stand still indefinitely."

"What I hope to see is a better distribution of our advantages. I'm for the working man, and by that I mean the average employed man."

Urging the independent tire dealers

FRANK A. SEIBERLING.

to organize, Mr. Seiberling told the convention that the failure of 30,000 of their number in the past seven years was due to the "ruinous practices of the manufacturers themselves."

"Insane competition for volume plunged the industry into turmoil in 1925," he said. "The majority of tire dealers forgot common sense and substituted folly in the operation of America's fourth largest manufacturing industry."

Mr. Seiberling entered the tire field 34 years ago, and is not only a pioneer in this industry but is one of its outstanding figures.

BIG E. A. T. PLANE TO DEMONSTRATE RADIO IN AVIATION

Captain Thomas B. Doe, president of Eastern Air Transport, will arrive in Atlanta at 11 o'clock this morning to attend a demonstration of radio communication between a ground station and an 18-passenger Condor plane in flight. Mayor James L. Key, Postmaster E. K. Large and other aviation enthusiasts have been invited to meet Captain Doe when he reaches Candler field.

Guest tickets have been issued for flights over the city in the giant airliner. Captain Doe, accompanied by Congressmen Thomas S. McMillan, of South Carolina, and Melvin J. Mas, of Minnesota, will conclude an inspection of a proposed new trunk line between Atlanta and New York, via Knoxville, Roanoke and Lynchburg. He will leave Thursday morning for Augusta to inspect the new Augusta-Charlotte line. Captain Doe will be host to E. A. T. employees at a dance tonight on the Ansley roof.

CHARIOT DRIVERS START TRAINING FOR SCOUT CIRCUS

The training grind started in earnest Tuesday as 10 drivers put their 64 prancing steeds through the final paces in preparation for the big chariot race which will feature the fourth annual Boy Scout circus at the City Auditorium Friday night.

Reports from troops that have entered the event indicate this year's race will be the most spirited ever run. Four Scouts will serve as "horses" for each chariot, with a fifth boy as driver, making a total of 80 boys who will participate in the one event.

The wall scaling teams are reported in excellent condition as the big night draws near, and the individuals who have entered the equipment race, log chopping and other competitive condition.

The circus will open with a grand parade in which all Boy Scouts of the Atlanta council will march—1,500 to 2,000 khaki-clad youngsters. The parade will be led by the drum and bugle corps of Troop 65, sponsored by St. Mark Methodist church, of which Dr. Frank Lamons is scoutmaster.

A POOR TIME ... to DIE

SHRINKAGE of investments—diminished incomes might well focus clear cut consideration to taking steps to provide "Safety for the Future."

Someone has said that this would be an exceptionally unfortunate time to die. Death is unfortunate under any circumstances, but there are two things you can do to lessen the tragedy of it. First, insure your life adequately to assure proper income to your family regardless of other conditions. Second, prepare a will to preserve and protect resources left your loved ones.

Our booklet, "Safety for the Future," will aid you to make a prudent, thoughtful will. It is based on our years of experience in helping to plan modern wills, in cooperating with clients' attorneys in preparing wills and in successfully managing the estates covered by these wills. Colonel Parker Visits Flats To Learn Some Football and Bring Dodd New Shirt.

"I was just passing through on business and thought I had better stop here at Tech and see if I could learn some football," said Colonel Paul Parker, athletic director at Tennessee, who appeared at Tech Flats yesterday and looked on for a while at the practice.

"There was no football at Knoxville today and so Major Neyland told me I'd better go down and see if I could pick up any football for Tennessee. It seems that we couldn't win last week.

"We had a very gruelling game Saturday. Let me see, we played Carson Newman—no, Western Kentucky—no, by George, you know it was Vanderbilt. That's right. We played Vanderbilt last Saturday and got tied. And our boys are pretty well tired out and so we didn't work any on Monday."

Colonel Parker thought the Vanderbilt-Tennessee game of Saturday was more like the old Army-Navy games, in which the colonel played when at West Point, than any other game he has seen.

"They were certainly tearing into each other," he said. "I never saw harder tackling and blocking. And it was a clean game, too. But I know that all our boys had a lot of bruises and so did Vanderbilt."

Colonel Parker also revealed another reason for his appearance at Tech. "I learned that Bobby Dodd, our quarterback of some years ago, lost his shirt on the Vanderbilt-Tennessee game and so I came down to bring Bobby another shirt."

Colonel Parker, who was here between trains, left at 6 o'clock last night. The Tennessee eleven now hopes to beat Kentucky, the inevitable tie game being already on the schedule.

SERGEANT SMITH.

Colonel Parker called at the Georgia Tech equipment room to see "Major" John Smith, the retired army sergeant who now is in charge of the Tech equipment.

"Major" Smith, who was elevated to that rank by the boys, was in France with Colonel Parker and the 17th infantry. He was also at several army posts with Colonel Parker.

"Major" Smith recalled sadly his old army days because he had not then seen the light, so to speak. I think he enjoyed, though, telling of a few raids he made on the medical supplies.

"I am sure that Smith is a great equipment man," said Colonel Parker. "He was a great man with the supply company. I had the pleasure of promoting him in France."

"Major" Smith recalled that his meticulous care with army supplies in France once brought him a rebuke from an official who was in a hurry.

"You are going to be killed anyhow, what do you care about the records?" said the official.

"No, sir," says I, "I am going back to the red clay hills of Georgia. And I did," replied the "Major."

THAT COLUMBUS CONTEST.

It is surprising—the number of calls by those people who wish to risk folding money on the Auburn-Georgia game next Saturday at Columbus. It seems that Columbus is about to be host to the greatest game of the week—Georgia's effort to unseat the Auburn football team from the pinnacle.

And there is a surprising number of people taking the short odds with Georgia. Auburn, of course, with a veteran team, is highly favored to win from Georgia. The odds are rather wide—about five to two on Auburn. But there is always the possibility of an upset.

Harry Mehre is, of course, working like the proverbial Trojan. (How hard did that fellow work?) A victory over Auburn would send him and his team into the Tech game on even terms or probably a bit favored over the Jackets. And an Auburn victory and one over Tech would make the Georgia season a highly successful one, everything considered.

Columbus has a great show planned for Saturday. Mr. Alfred Young, an Auburn alumnus, will have charge of some of the details, which include a display by army tanks and troops from Fort Benning.

One of the booth displays will be Mr. Jeff Kelly and his gallery of autographed pictures of stage and screen stars. Mr. Kelly will give a lecture on romance.

OFFICIALS HELPED OUT.

Officials in the Vanderbilt-Tennessee game handled things in splendid shape under very trying circumstances. Everett Strupper called a splendid game as referee. And the other officials were equally capable.

Walter Powell, as umpire, also worked a splendid game. Powell has had a number of difficult ones to decide this season but his unquestioned ability and honesty keeps him in demand in all sections of the country as a football official. Powell has worked in all sections of the country during his career as an official and is always called back for more games. They know he calls them as he sees them.

The difficult decisions in the Vanderbilt game came on the Vanderbilt kick which a Tennessee man touched and a Vanderbilt man recovered and on Feathers' out-of-bounds play. It was ruled a Vanderbilt man had previously touched the kick, thus "deadening" it. And Feathers, who was called out of bounds by Battle Bagley, another splendid official, was unquestionably out. Both decisions required quick action and both times officials were on top of the plays.

WELL, WE TIED YALE.

Bates started the football world by holding Yale to a scoreless tie as the season opened. Bates was hailed as the coming team, coached by Bohler, once of Auburn.

Since tying Yale Bates has lost to Tufts, Maine (Drink a Stein) and Colby. Bates has scored six points since the Yale contest.

Vandy Adds To List Of Shifts in 'Scenery'

By Dillon Graham, Associated Press Sports Writer.

Vanderbilt's announcement that athletic relations had been broken with Tulane and that it would play six Southern conference teams in 1933 turns attention to the new gridiron hook-ups for next fall. The Commodores will play Alabama, Tennessee, Georgia Tech and North Carolina again next year, but Georgia, Maryland, Tulane, Mercer and Western Kentucky are not on the Vandy slate.

After several years' absence from the annual game at Nashville on Armistice Day to resume its colorful series with Vandy. Their annual contest often is called the Battle of Chrysanthemums. Louisiana State, Oklahoma and Ohio State are new opponents. Oklahoma is coached by Lewis Hardage, a former

AUBURN PLANS PASS ATTACK FOR BULLDOGS

Tigers To Capitalize on Georgia's Known Defensive Weakness.

By the Associated Press.

Auburn plans to capitalize on Georgia's known defensive weakness against passes in their Southern conference battle at Columbus, Ga., Saturday.

All season Georgia's inexperienced backfield has been shelled by surprise aerial bombs. Florida, unable to gain on the ground, scored twice on sudden forward passes, and other opponents have covered much territory against Georgia in this manner.

Probably no southern team has a better aerial barrage than has Auburn. Phillips, Hitchcock and Kimbrell are excellent passers and all are good receivers. Auburn's single touch-down against Georgia in its 12-0 defeat a year ago came on a pass from Phillips to End Alan Rogers. This combination will be ready to deal more trouble Saturday.

INJURIES SLOW WORK.

Injuries in both camps have slowed down practice somewhat. Georgia held its second scrimmage of the week today but Fullback Gilmore was reported definitely out of the game with a bruised hip. End Graham Batchelor and Freddie Miller also have hurts.

Four backs—Hitchcock, Phillips, Talley and Dupree—and End Bennie Fenton were on Auburn's injured list. With Talley and Dupree disabled Auburn has only Tom Brown to play fullback. However, Trainer Wilbur Hunsell hopes to have most of the boys in shape to play, even though their injuries may slow them up a bit.

Captain Harry Mehre personally scouted Auburn in its game with Florida and has worked out a defense he believes will stop the speedy Plainsmen backs. He is giving much attention to coverage of opposition passes in the practice sessions at Athens.

JACKETS BRUISED.

Georgia Tech will present a badly bruised squad against Florida at Gainesville. A half dozen athletes were hurt in the Alabama contest and Fullback Norris Dean is definitely out. Jack Phillips, a sophomore fullback, may be eligible for the game.

Saving its regulars for the big clash with Louisiana State on Saturday night, Thanksgiving Day, Tulane plans to start its second-stringers against Sewanee at New Orleans Saturday.

The state championship, as well as the ultimate ranking of both teams in the Southern, will be decided at stake in Chapel Hill as North Carolina meets Duke. For two seasons these teams have battled to scoreless ties.

Washington and Lee hopes to top a disastrous season with a victory over Maryland at Lexington, Va. Mississippi prepared for Southwestern at Memphis and South Carolina worked for its game with The Citadel.

Georgia League Organized Here

The Georgia Basketball league was organized Tuesday night with seven boys' teams in the fold. W. Wilson was elected president of the league and Layton, of O'Keefe Junior High, was chosen as secretary. This league will play at Maddox Junior High on either Tuesday or Wednesday night. Tom Slate was selected as referee, with Gage as alternate.

The teams composing this league are Associate Reformed Presbyterian, Jackson Hill, Stewart Avenue, Western Heights, Underwood Methodist, English Avenue and Kirkwood. There is room for one more team in the league, and those interested should call Wilson at Trammell Scott.

This league will meet again next Tuesday at Trammell Scott's store and at that time each team will pay the \$5 franchise fee. Play will start the first week in December.

The Cherokee Girls' league was dissolved and no attempt will be made to start a girls' league this year.

Bobwire Is Victor In All-Age Stakes

PETERSBURG, Va., Nov. 15.—(AP) Bobwire, a white lion owned by L. M. Bobbitt, of Winston-Salem, N. C., won the all-age stakes, decided at the second day's running of the Virginia Amateur Field Trials Association.

Carolina Zerk Proctor, owned by Marshall King, of Farmington, placed second, while Equinoise, owned by Virgin P. Hawse, of Staunton, was third.

Following the completion of the all-age stakes this morning, running of the Derby stakes was started under clear skies and ideal field conditions.

Injury Threatens Career of Hamas

NEW YORK, Nov. 15.—(AP) A knee injury threatens to end the boxing career of Steve Hamas, promising young heavyweight from New Jersey.

Hamas wrenched ligaments in his knee several months ago and spent six weeks in the hospital. An operation was performed but the injury failed to respond to treatment.

Forced to the fistie sidelines, Hamas has returned to his first love, football. A star at Penn State, he now is coaching Montauk High school's eleven.

Leathers Is Reported 'Very Much Improved'

NEW YORK, Nov. 15.—(AP)—The condition of Milton (Red) Leathers, former star University of Georgia football player, who was operated on for acute appendicitis and later for peritonitis last week, was reported as "very much improved" today.

Leathers was taken to the hospital 10 days ago suffering from acute appendicitis. An operation was performed, but last Saturday peritonitis set in and another operation was necessary.

His condition was critical over the week-end, but an improvement was noted yesterday and it continued through the night. For a time it was feared he would not live, but it is now believed he will recover.

Leathers' parents have been almost constantly at his bedside since Saturday.

JACK PHILLIPS POSSIBLE BET FOR FLORIDA

Big Sophomore to Appear Before Faculty Meeting Friday.

By Jimmy Jones.

With all hands scheduled to pull out of Atlanta at 7:25 Friday night for Gainesville and the game with University of Florida, football news of major importance at the Tech Flats yesterday dealt with the possible return to action of Big Jack Phillips, the Turnback sophomore fullback.

Phillips will appear before the faculty meeting Friday just before the junk 'to Florida begins and then the exact status of his eligibility will be determined. Tech officials were careful to stipulate, however, that Phillips could not play against Florida or Georgia until he had been given a clean bill by the professors.

Tech coaches, working on the assumption that Phillips will be available, were grooming him along with the rest of the varsity backs yesterday in practice.

COULD USE HIM.

With Norris Dean, the other sophomore fullback and ace kicker, continued to the ailing list with a bad knee, Phillips would make a most handy fellow for use in the Florida game. Particularly on defense, where he stands out like a lighthouse, could Phillips be used. He is without a doubt the best defensive back on the Tech squad. His weight is a big help back there, also, when it comes to blocking and carrying the ball. He also is a proficient passer and can kick in an emergency.

Phillips became temporarily ineligible along with Shaw, a tackle, two weeks ago. Both were demoted to the Grey Devil squad. It was announced at the time, however, that there was a chance of Phillips getting back in the game toward the latter part of the season if he made up a certain amount of classwork. There is no doubt that Phillips will be in Dean's place in the game with Florida if the faculty ban is lifted Friday.

Meanwhile Coach Alexander is brushing up the first team for that game. Yesterday he had the team running plays vigorously. The backfield of McArthur, Barron, Hart and Cherry saw plenty of work. That will be a logical backfield to see action Saturday as McArthur can kick fairly steadily.

WORK ON PASSING.

That the Jackets have an eye for Florida's passing attack was seen yesterday. They had the backs defending against passes for a good portion of the team. Incidentally Tech's own passing game, which hasn't been any too strong, was getting a once over.

It was announced last night that the Tech band would make the trip. The Tech train departs at 7:25 Friday night. At Gainesville the play will not stop at a hotel but the Phillips, which will be paraded on a siding, will be a sort of headquarters for the players.

Mike Chambers' small colony of mixed players was progressing nicely yesterday. George Vierck, end, though limping a bit was out for practice. There were others, including Dean, who still were not able to take the hard going.

"I believe that with the exception of Dean, everybody will be in shape Saturday," Chambers said.

"Beat Tech Saturday" Is Gainesville Cry.

GAINESVILLE, Fla., Nov. 15.—(AP)—Florida Gators devoted their practice session today to shadow scrimmage and signal drill.

Getting ready for Georgia Tech Saturday, the Gators would like to have some good old-fashioned scrimmage. Coach Charlie Bachman said tonight, "but we cannot take any chances on injuring the boys, so we are just going through the motions, leaving the rugged maneuvers for the actual game."

The Florida mentor said that Al Rogers, star left halfback, would be unable to play. It will mark Rogers' fourth successive week out of the lineup because of an injury suffered when the Gators played North Carolina State in Tampa.

An hour after hitting the showers the Florida grid athletes turned out for a practice session. The table and were fed by Gainesville's four civic clubs in joint session.

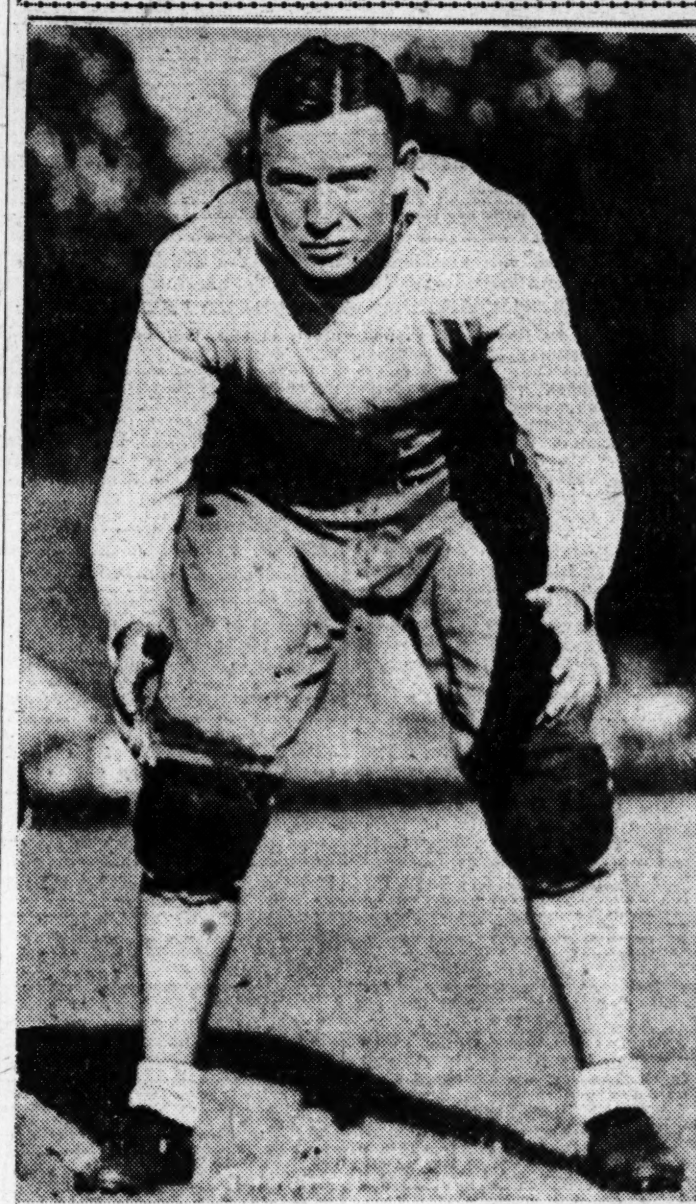

The cry has become, "Beat Tech Saturday." The Atlanta team has been making Gainesville for a football game.

Coach Bachman was somewhat worried tonight about the condition of the team. A badly bruised leg kept Shearer from practice today. It will require considerable work this week to have him in readiness Saturday. Shearer is one of the many sophomores on this year's team.

REFEREE SHOT.

LA PLATA, Argentina, Nov. 15.—(AP)—Leon Arismendi, refereeing a soccer game here yesterday, was shot in the head and critically wounded by Augustin Colado, president of the Soccer Football Club, when he refused to allow Colado's team a penalty kick.

He's Georgia Hope

Homer Key, snake-hipped back, is one of the offensive hopes of the University of Georgia team to eliminate Auburn's unbeaten Plainsmen from the Southern conference championship race Saturday at Columbus.

Colonel Paul Parker Pays Visit To Tech

Tennessee Athletic Director Watches Practice and Talks About Basketball Games

By Jimmy Jones.

The Tech coaches were just getting into their field clothes for the football practice Tuesday when he should come walking through the doorway but that distinguished-looking gentleman and scholar, Colonel Paul R. Parker, of the University of Tennessee.

After shaking hands all around, explained his mission with some levity.

"We had a day off at school and I just thought I would come down and see what a good football team looks like," he informed Mr. W. A. Alexander, head of the Tech coaches.

Colonel Parker said he would stick around and watch the Jackets' practice and of course Mr. Alexander was glad to have him.

The appearance of the well-known athletic director and coach soon attracted the attention of the gallery. But to all questions based upon an idea that he was in Atlanta on a mission that involved a football game between his school and Tech, Colonel Parker smiled broadly and shook a negative head.

MAY PLAY SOME DAY.

"There is a possibility that some day we'll play Tech in football, but that isn't what I'm here for," he insisted.

Colonel Parker did talk with Roy Mundorff, the Tech basketball coach about a couple of basketball games between the Jackets and Vols during the coming indoor season. He expressed an idea that he was in Atlanta on a mission that involved a football game between his school and Tech, Colonel Parker smiled broadly and shook a negative head.

The crowd of 79,403 fans, which is all that Memorial stadium holds, will pay approximately \$38,000 to watch the 35th annual encounter. Taxable tickets will net the government around \$35,400.

Those with a statistical turn of mind have figured out there are 67,200 tickets at \$5.50, including the tax. Some 12,000 student tickets will be sold at \$1.85 each. Uncle Sam gets 50 cents from each of the high-priced tickets and 15 cents from the cheap ones.

The game, played alternately at Stanford and California, has been a sell-out since 1923. At Stanford it drew more customers because the stadium there seats 88,000.

This season, for the first time in nine years, tickets were put on public sale, but there were only 4,000 to be disposed of and half of this allotment had been snapped up today. Officials overlooking the stadium. This year will cost 40 cents per football.

Because of this hill, one of the largest crowds ever to watch this "big game" in 1928. More than 20,000 were counted on the hill and with nearly 80,000 in the stadium, there were in a total throng of better than 100,000 fans.

Each team has been kicked around the gridiron this season, with Stanford losing three conference games, and California two, to date.

Despite the unimpressive season, the "old grudge" are hiking home from all parts of the world. Ticket applications were received from Switzerland, Honolulu, Argentina, Brazil and from many other sections of the globe.

HORSES ARRIVE.

MIAMI, Fla., Nov. 15.—(AP)—First shipment of horses to arrive at the Hialeah track for the coming racing season were unloaded today by George E. Phillips, owner and trainer, of New York and Miami.

BULLDOGS FAIL TO HALT PLAYS IN SCRIMMAGE

Mehre Displeased With Georgia's Work for Auburn Battle.

ATHENS, Ga., Nov. 15.—A defensive scrimmage that lasted until it became so dark that Harry Mehre put a white football into use this afternoon took the Georgia Bulldogs one step nearer the annual scrap against Auburn in Columbus, Saturday.

At the close of the afternoon's activities, Coach Mehre announced that he was not at all pleased with the showing of his young men during the game against Auburn plays run by the Red Devils. More defensive scrimmaging will come the way of the Bulldogs Wednesday.

The entire varsity squad, except the injured and sick, got into scrimmage and made life seem just as tough after another for the Red Devils this afternoon. There were times, however, when the red-shirted lads, a tough lot to mix with, would make varsity boys seem very much like men with flat feet. On those occasions the voice of Harry Mehre could be heard the length and breadth of the field as he told his proteges just where they played the mark or just what in their play it was that displeased him.

Three more of Georgia's varsity were added to the list of those temporarily ailing. Buck Chapman, the Under Express, spent the afternoon under the care of Clarence Jones, trainer, taking the sweet lozse cure for a cold. Ed (Skinner) Davis, the punter, was paired with a supporting cast today. Both were slightly sick. However, they are expected to be back in uniform Wednesday or Thursday.

A glance at the regular lineup which started the defensive scrimmaging reveals a great majority of young foot ball teams, the Bulldogs have trouble with their tackling and the head man decreed a session of it this afternoon.

The routine of the past two days will be changed Wednesday when Harry Mehre gives his squad a long session at running its own plays. Most of the emphasis will be on offense, which does not mean, however, that the Bulldogs are going to be allowed to neglect their defensive lessons. Harry Mehre expects to give them some more of that before he calls the rough work to a halt late Thursday.

TACKLE.

The Bulldogs spent some time trying to stop freshman halfbacks before the start of the defensive scrimmaging. Like a great majority of young foot ball teams, the Bulldogs have trouble with their tackling and the head man decreed a session of it this afternoon.

The routine of the past two days will be changed Wednesday when Harry Mehre gives his squad a long session at running its own plays. Most of the emphasis will be on offense, which does not mean, however, that the Bulldogs are going to be allowed to neglect their defensive lessons. Al Simmons Eyes 1933 Batting Title

HOT SPRINGS, Ark., Nov. 15.—(AP)—An extra 20 pounds and a burning ambition to regain American league batting honors have caused Al Simmons to give up his baseball training a bit early this year.

Simmons, who will wear a White Sox uniform the coming baseball season, arrived here yesterday with Ralph Shinn, Milwaukee outfielder, to condition themselves.

"I am 20 pounds overweight," Simmons said, "but it will be an easy matter to get rid of the excess in the bats, hiking over the mountains and playing golf and tennis."

That is what I am going to do for the next few weeks. By the time the regular season begins I'll be in first-class condition and my one ambition is to give the White Sox my best efforts and regain batting honors in the American league."

The chances are a majority of the current undefeated gridiron clans will remain on this list, although there is hardly a solid one back in the few games left to be played.

The two top-ranking eastern outfits, Colgate and Brown, fight it out Saturday at Providence. Michigan and Centenary face foes which have a habit of springing upset. The Wolverines close with Minnesota for the "little brown" on Saturday. Centenary's gentlemen must meet Arkansas, which captured six-point decision last year from the crack Shreveport eleven.

Southern California has two difficult hurdles, Washington on Thanksgiving Day and Notre Dame on December 10 at Los Angeles. The Irish thus will have two weeks' rest after their battle with the Army in New York on November 26, and they probably will need it.

Auburn's chase after Southern conference honors also involves two more barriers. Georgia this Saturday and South Carolina on December 3. Meanwhile Tennessee and Vanderbilt have a six-point decision on November 26, and they probably will need it.

Purdue's Powerhouse, tied only by Northwestern, may negotiate the Indiana barrier to maintain an unbeaten slate. Texas Christian, having disposed of the powerful Texas Longhorns, figures to overcome Rice and Southern Methodist, but there's a good chance here for another upset.

Bumblebees Play Oakhurst Saturday

Another midget football game will be played at 3 o'clock Saturday afternoon at the Rose Bowl field at Oakhurst. The Bumblebees and the Oakhurst Midgets will meet.

The Bumblebees have had rough going this season and every effort will be made to place Saturday's game on the right side of the ledger. The Bumblebees and the East Lake Flashes played to a 12-12 tie last Friday afternoon at Ogletheorpe stadium.

Dickson Planning Schmeling-Baer Bout

PARIS, Nov. 15.—(UP)—Plans for competing directly with the Max Baer fight at the Casino de la Ville, Paris, by holding a Max Schmeling-Max Baer heavyweight bout in New York in June were announced today by Dickson, the American promoter who operates in Europe. The bout would be held at the Yankee stadium or the Polo Grounds, Dickson said. He plans a second show in July.

Earl Sande Goes Home; Feels 'Fine'

NEW YORK, Nov. 15.—(AP)—Earl Sande, former jockey, left Roosevelt hospital today fully recovered from the effects of an appendicitis operation which he underwent on November 4. Sande, accompanied by his wife and several friends, said he felt "fine" and that he expects to be back on the job soon as trainer for the racing stables of Colonel Maxwell Howard.

OFFICIAL RULE BY DIRECTORS IS SEEN LIKELY

Schools Fail to Agree on Dates for Next Season.

By Ralph McGill.

Southern conference football schedules, now in the making, appear to be hopelessly snarled because of the hurdle of one week which the calendar takes in 1933.

The calendar, known as the Gregorian calendar, because it was established by Pope Gregory about 300 A. D., does a peculiar leap. Thanksgiving Day comes this year on November 23. In 1933 it occurs on November 30, a leap of one week.

UNABLE TO AGREE.

Athletic directors have been unable to agree. Faculty chairmen are tearing their hair out because the schedules are all held up while calls and wires seek vainly to straighten things out.

Not a school of the entire 23 in the conference can complete its schedule before the meeting at Knoxville in December.

It is probable that a ruling by the conference, directing all universities to begin their schedules at a certain date, will be necessary before the cards can be completed.

START EARLIER.

Tech, for instance, with only nine games allowed, wishes to begin on September 30, which is obviously the date nearest the October 1 starting date of this season. Some institutions have the same idea. That is Tech's. Others wish to start their schedules with Thanksgiving Day, a week later than the hazy date of this year, and work from that.

All of which leaves things in a hopeless muddle. It will be up to the conference to rule whether the nearest relative date to the starting dates of this year shall be moved backward or forward.

It may be the election or something, but the calendar is all in a snarl. And meanwhile the telephone companies and the telegraph companies are profiting.

The intercollegiate games seem to be coming back next year. Vanderbilt has scheduled Ohio State, and Georgia is expected to bring New York University to Athens. Yale returns to the Georgia schedule. The effort is being made to obtain the Southern California game for the Georgia schedule.

Other conference teams are working on intercollegiate games. Meanwhile the calendar snarl remains worse than what the kitten did to grandma's knitting.

NEW ELEVEN MAKE UP LIST

By Alan Gould.

Associated Press Sports Editor.

NEW YORK, Nov. 15.—(AP)—With the noteworthy exception of Tennessee and Southern California, the ranks of the major contenders for national football honors have been a remarkable turnover within a year, comparison of today's pace-setters with those of the battle of 1931 reveals.

The U. S. C. Trojans, as a matter of fact, were not on the unbeaten list at this stage of the season a year ago. They came back, no conceivably, after losing their first game to St. Mary's, that there was no hesitation in their recognition as national champions.

Here's how the two unbeaten lists compare for this date of each season.

UNBEATEN AND UNTIED. 1931. Tulane, Tennessee, Colgate, Harvard, Southern California, Oklahoma City, Michigan, Brown.

UNBEATEN BUT TIED. 1932. Notre Dame, Northwestern, Fordham, Pittsburgh (tied twice), Bucknell (tied three times), Vanderbilt (tied twice).

The chances are a majority of the current undefeated gridiron clans will remain on this list, although there is hardly a solid one back in the few games left to be played.

The two top-ranking eastern outfits, Colgate and Brown, fight it out Saturday at Providence. Michigan and Centenary face foes which have a habit of springing upset. Southern California has two difficult hurdles, Washington on Thanksgiving Day and Notre Dame on December 10 at Los Angeles. The Irish thus will have two weeks' rest after their battle with the Army in New York on November 26, and they probably will need it.

Auburn's chase after Southern conference honors also involves two more barriers. Georgia this Saturday and South Carolina on December 3. Meanwhile Tennessee and Vanderbilt have a six-point decision on November 26, and they probably will need it.

Purdue's Powerhouse, tied only by Northwestern, may negotiate the Indiana barrier to maintain an unbeaten slate. Texas Christian, having disposed of the powerful Texas Longhorns, figures to overcome Rice and Southern Methodist, but there's a good chance here for another upset.

COLEGATE BROWN GAMES OFFERS TWO UNBEATEN LEADERS MEET FOR TITLE AND POSSIBLE BOWL GAME.

By Jack Cuddy,
United Press Staff Correspondent.
NEW YORK, Nov. 15.—(UP)—The two unbeaten leaders of the college football game, Colgate and Brown, met today for a showdown battle in the Rose Bowl classic.

It will be a battle in which power, speed and deception will be aligned against each other on both sides, a fight in which Andy Kerr's Red Raiders, who have marched through all opposition without violation of the Colgate rule, will be tested to the limit.

Both teams have been publicized widely for their modernized systems of attack—Colgate with its improved Warner bag of tricks, and Brown with its triple wing-back deviation from the Warner system. But their great strength actually lies in their splendid defense. Colgate's uncrossed goal line is a record, as is Brown's Stonewall stand in late June.

The tour extended from New England to Amarillo, Texas, in a zigzag line of search, which only a pair of great legs could have covered.

The Grooved Swing.
"Part of the interest I had in this long tour," Sarazen said, "was to find out whether or not I had actually grooved my swing so that it could stand up against stonewall and weariness, two of golf's hardest hazards."

Colgate's eleven works like a machine, and it's hard to find a better back anywhere than Joe Buonanno, who was the driving power in Brown's 80-yard march to victory against Columbia. Bob Chase, Colgate's star, is widely mentioned as an all-American possibility.

THE PARTLIGHT By Khrushchev Rice

The Wandering Gene.
From green to green, from scene to scene,
I've made the rolling pill career,
As divots flew with follow-through
From east to west beneath the blue;
Both near and far I've slaughtered par,
Like to roam by distant loam,
But who can whistle "Home, Sweet Home?"
(From "Songs of Sarazen.")

The stocky young fellow who just blew in, wearing the deep tan of distant lands and suns, was none other than Gene Sarazen, the open golf champion of Great Britain and the United States.

Starting on the long trek just after he poured out that final 32-34 at Fresh Meadow, the double-crown wearer started on a tour, which would have left the average athlete bowled and bent.

Placed under a strict cross-examination, Gene confessed that he had traveled about 25,000 miles and had played in something like eighty matches since sinking his last putt at Fresh Meadow in late June.

The tour extended from New England to Amarillo, Texas, in a zigzag line of search, which only a pair of great legs could have covered.

Captain Cupsted and Ellis Ruled Out; Game "No Contest."

By Roy White.
Officials of the Georgia Intercollegiate Athletic Association, in session Tuesday night at the Y. M. C. A., declared Captain O'Neal Cupsted and John Ellis, members of the Savannah High football team, ineligible and voted unanimously that the Boys' High-Savannah game be declared "no contest."

Boys' High defeated Savannah High, 18 to 10, in a game played on October 14, and a few days later, at a meeting of the G. I. A. A., three members of the Boys' High team who played in the game were declared ineligible and the game was awarded to Savannah on a 1-to-0 forfeit. Officials of Boys' High appealed the case to the Georgia High School Association, but had received no reply, and Tuesday night the game was declared "no contest."

The Savannah High players were ruled ineligible because of having played four years of high school football, a similar case in many respects to that in which Boys' High lost three of its stars.

Another meeting of the association has been called for Friday night. DeKalb county will play the annual Boys' High-Ten High game. The December 2 meeting will be to decide which two teams shall play for the G. I. A. A. football championship on the Danforth cup now in possession of Lanier High, at Macon.

Fights Tonight
Promoter Don A. Bue, of the Fifth Ward Athletic Club at 715 Marietta street, has moved his program up to Saturday night instead of Sunday. The program is scheduled to start at 8 o'clock.

Battling Bozo and Frankie Allen will fight for eight rounds. Allen has a big fight with the best of the south, but had to lay off on account of a minor neck injury. The popularity he once knew is regaining the popularity he once knew.

Other good preliminaries are being arranged. The show will start at 8 o'clock.

DYNAMITE STOLEN AS PROBE STARTS

Grand Jury Hears of New Theft Near Power Company's Lines.

Theft of dynamite from a Western Union tool box near Brompton, Ala., in the vicinity of a 110,000-volt line of the Georgia Power Company, was revealed Tuesday as the Fulton county grand jury launched an exhaustive investigation into dynamite magazine robberies and the blasting of power company high-tension towers in and near Atlanta.

Co-operation of all local and federal peace officers in the search for a reported hidden cache of stolen dynamite and for the parties responsible for a campaign of sabotage against the power company's lines was promised the grand jury Tuesday.

Fred Messick, of the duPont Powder Company, and Samuel Adams Jr., of the Atlas Company, appeared before the jury in the capacity of dynamite experts. Messick said that the duPont magazine was broken into about a year ago and several sticks of dynamite were stolen, but that it was believed that these in search of "soup" material were responsible. Adams said that 200 sticks of dynamite were stolen from the Atlas magazine more than a year ago.

Chief A. W. Lilly, of DeKalb police, said that between 600 and 700 sticks of dynamite were stolen some time ago from an old DeKalb convict camp. A. A. Clark Jr., Fulton county warden, said that none of the dynamite purchased by Fulton has been missed. Chief George Mathieson, of Fulton police, promised to co-operate with the jury.

Assistant District Attorney Hal Ludsay conferred with the jury and pledged federal co-operation, some of the dynamite having been stolen from the federal honor farm. Witnesses included Preston Arkwright, president of the power company, and Sheriff James I. Lowry.

The investigation is expected to continue Friday when Clarke Donaldson, city chief of construction, and private contractors are to appear before the grand jury.

FICTION CHARACTER DOLLS ON EXHIBIT IN LIBRARY HERE

Dolls made by children of the fourth, fifth and sixth grades of the public schools are on display this week in the children's department of the Carnegie library. The dolls represent characters in juvenile fiction. On Friday afternoon at 3 o'clock three prizes for the best dolls in each grade will be delivered by Superintendent Willis Sutton of the Atlanta schools. The prizes will be books donated by Miller's, Rich's, Davison-Paxon, George Muse and McMillan's. The S. M. Inman school orchestra will play.

Some of the dolls were barred from competition because they represented characters in foreign fiction. Only American books are eligible. The dolls were made outright, not merely dressed, and show remarkable skill on the part of juvenile readers.

Tom Sawyer, Uncle Remus, Lindbergh, Nat from Little Men, and Rose from the Eight Cousins, are some of the characters Atlanta children put into doll form.

Besides the dolls there is an interesting exhibit of books and prints from the John M. Miller collection, including a primer issued in 1785. Another exhibit is a large doll given by the Japanese children of Nanoya, Japan, to the school children of Georgia.

The various exhibits are part of the celebration of Book Week, and are in general charge of Miss Jessie Hopkins, the librarian.

Maier & Berkele, Announcing Officers, Report Business Improvement This Year

New officers and directors of Maier & Berkele, Inc., whose names were announced at a meeting of the company on Tuesday. Front row, left to right, Frank H. Maier, H. A. Maier and H. A. Maier Jr. Back row, F. R. Seeley, T. B. Littlepage, A. L. Chapman and W. A. Haygood. Staff photo by George Cornett.

At a meeting held at the Piedmont hotel Monday afternoon new officers and directors for Maier & Berkele, Inc., prominent Atlanta jewelry firm, were announced by H. A. Maier, who was elected president and general manager. Other officers elected were T. B. Littlepage, W. A. Haygood, F. R. Seeley, vice president, and A. L. Chapman, secretary and treasurer. The directors elected included all officers of the new officers and directors is in keeping with the announcement made in October that Mr.

Maier had resumed control of this 45-year-old Atlanta institution, and that the name would be changed to Maier & Berkele, Inc., as it was known prior to the acquisition of the active control of the company by Gorham, Inc., of New York, in 1930, at which time the firm became known as Maier & Berkele-Gorham, Inc.

Mr. Maier, in making this announcement, stressed the fact that as now constituted all of the officers and directors of the company are residents

of Atlanta and that there are no outside interests.

Among the favorable reports submitted were those that showed that sales for the first ten months of the current year showed an increase over 1931, and that the financial position of the company is the strongest in its history. A keynote of optimism for continued good business was expressed, especially with relation to the contemplated plans for aggressive promotion for the Christmas season.

Georgiaians will share approximately \$3,029,000 of the nearly half a billion dollars to be paid out by banks throughout the United States conducting Christmas savings clubs, it was revealed here Tuesday. Atlanta club members will get about \$117,000.

Atlanta banks conducting clubs, as will others over the state and nation, are to pay the depositors on December 1, thereby releasing considerable funds for the Christmas holiday business.

Figures of the club totals in the three Atlanta members of the clearing house association were made public Tuesday by W. C. Adamson, operating vice president of the First National bank, secretary of the Atlanta Clearing House Association.

Bankers here pointed out that although the Christmas saving clubs total is about 25 per cent under that of last year, saving accounts generally have increased and there is a strong possibility that depositors will make withdrawals for Christmas shopping that will total more than that of a year ago.

Other Georgia cities and towns Tuesday reported a similar situation, with the club savings below normal but savings generally increased. Macon reported Christmas saving clubs totals of approximately \$20,000. In Columbus it was estimated that 7,000 depositors would be paid \$250,000, and Augusta reported that 1,200 members would get about \$50,000.

I. C. C. HEAD DEFENDS RAILROAD REGULATION

HOT SPRINGS, Ark., Nov. 15.—(AP)—Answering charges that regulation hampers railroads, Claude R. Porter, chairman of the interstate commerce commission, today asserted his 45 years' experience has demonstrated the wisdom of regulation of railroads and "all other carriers, for their own and the common good."

Mr. Porter spoke before the forty-fourth annual convention of the National Association of Railroad and Utilities Commissioners, which opened a four-day session.

Because of financial conditions, he said, problems of the railroads are being given principal attention. There is no single remedy, he added, declaring that before there can be improvement there must be a common understanding of the causes, chief of which is a lack of traffic.

This is the treatment a cold calls for, the treatment wherein lies real relief and safety!

Absolutely Safe to Take!

Grove's Laxative Bromo Quinine may be taken with utter safety by young and old. It contains no narcotics and produces no bad after-effects. It does not upset the stomach, nauseate or make the head ring or swim. Its action is swift and certain, but harmless. Thousands, in every civilized country on the globe, look upon it as their sure relief for colds and grippe.

In the form of dainty tablets, Grove's Laxative Bromo Quinine is convenient and pleasant to take, as well as effective. Comes in handy, pocket size boxes, cellophane-wrapped, and sold by every drug store in America. To have Grove's Laxative Bromo Quinine handy is to be forearmed against colds. Taken immediately at the first sign of a cold, a few of the tablets will usually expel it overnight. Good dealers do not try to substitute on Grove's Laxative Bromo Quinine.

First of all, Grove's Laxative Bromo Quinine opens the bowels, gently but thoroughly—an important step in the relief of a cold. Second, it kills the cold germs in the system,

drives out the poisonous infection and reduces the fever. Third, it relieves the headache and that grippy feeling. Fourth, it tones the entire system and fortifies against further attack.

Fourfold Action Important

Because it does four things all at one time, the remedy to take for a cold is Grove's Laxative Bromo Quinine.

First of all, Grove's Laxative Bromo Quinine opens the bowels, gently but thoroughly—an important step in the relief of a cold. Second, it kills the cold germs in the system,

MRS. E. L. ANDERSON PASSES ON VISIT HERE

Resident of Madison, Fla., Was Formerly Widely Known in Atlanta.

Mrs. E. L. Anderson, 74, of Madison, Fla., and former well-known resident of Atlanta, died early Tuesday morning while on a visit at the home of her brother, W. S. Walker, of 2325 East Lake road, Druid Hills. She had been in failing health for some time.

The daughter of the late General W. W. Walker, of Civil War fame, Mrs. Anderson resided in Atlanta until her marriage, when she and her husband removed to the Florida city. She had many relatives here, and before going to Florida was a member of the Sacred Heart church. Educated here, Mrs. Anderson in her youth was a popular member of Atlanta society. Funeral services are to be conducted

How Good Doctors Treat Bad Colds

Medical writers agree that the important point in the treatment of a cold, or cough due to a cold, is to relieve the congestion in the nose and throat, thereby preventing serious complications which may follow a neglected cold. To stop this congestion calomel was the accepted and standard remedy until Calotabs, the improved calomel compound tablet was introduced.

Now that science has robbed calomel of its nausea and danger, making it pleasant to take and perfectly safe for general use, over forty million Calotabs are consumed in the U. S. yearly with only the most pleasant and satisfactory results. In millions

of homes Calotabs have proven their superiority in the prompt relief of colds and coughs due to colds.

One or two Calotabs at bed-time with a glass of sweet milk or water. No salts necessary. No nausea nor the slightest interference with your eating, work or pleasure. Next morning the congestion has subsided, your cold or cough is relieved, your system is thoroughly purified and you are feeling fine with a hearty appetite for breakfast. Eat what you wish—no danger.

Get a family package of Calotabs, containing full directions, only thirty-five cents. Trial size, ten cents. At any drug store.—(adv.)

Leonid Shower Vanguard Observed at Harvard

HARVARD, Mass., Nov. 15.—(AP) Approximately 100 meteors, the vanguard of the Leonid showers expected tomorrow and Thursday mornings, were observed between midnight and dawn at the Harvard College observatory field station here today.

Dr. Peter McKay Millman, who had charge of a group of students which operated a dozen cameras, said the nearness of the moon to the meteoric field obscured many fainter Leonids. There were, however, several brilliant meteors among those observed.

ed at 10:30 o'clock this morning at the Sacred Heart church, with the Rev. Father E. P. McGrath officiating. The body will be taken to Madison for interment Sam R. Greenberg & Company are in charge of the arrangements.

Besides her brother, Mrs. Anderson is survived by a son, Marion Anderson, of Jacksonville, Fla.; a sister-in-law, Mrs. O. P. Burroughs, of Jacksonville; two brothers-in-law, Henry C. Peoples, of Atlanta, and W. A. Brown, of Perry, Fla., and several nieces and nephews both in Atlanta and in Florida.

12,000 To Guard Wales On Belfast Visit Today

BELFAST, Northern Ireland, Nov. 15.—(AP)—More than 12,000 men will guard the Prince of Wales when he arrives here tomorrow to dedicate the new parliament buildings at Stormont.

Four thousand of them will be armed, and all of them are a part of the elaborate precautions to be taken for the safety of the heir to the British throne during his three-day stay in the capital.

Only a few weeks ago Belfast was the scene of violent street fighting, and although the rioting was not connected with the prince's visit some groups in northern Ireland have announced their hostility to his presence.

GRID STAR IS KILLED IN AUTO COLLISION

WINNFIELD, La., Nov. 15.—(AP) While scores of school children looked on, Harold Dillard, 16, captain of the Winnfield High school football team, was killed and eight other students were injured in an automobile accident here at noon today.

The car occupied by the students had just left the school grounds when it collided with a machine driven by a negro chauffeur.

Chesterfields are Milder —
Chesterfields Taste Better

You know how it is. If a cigarette is mild—that is, not harsh or bitter, but smokes cool and smooth—then you like it and don't worry about how many or how often you smoke.

And if it tastes right—that is, not oversweet, not flat—then you enjoy it all the more.

The right kind of ripe, sweet Domestic and Turkish tobacco... the right ageing and blending... make Chesterfields milder, better-tasting... They Satisfy!

Flower Show Tea Given by Mr. Lee

The flower show tea given yesterday by Gene Lee at Dahl's Florist shop on Ponce de Leon avenue assembled a number of friends of the host and was marked by exquisite beauty. At 5 o'clock a group of popular Atlanta girls wearing fashionable clothes furnished by the Leon Frohman shop and carrying bouquets of flowers designed by Mr. Lee took part in the wedding scene staged by the host for the entertainment of his guests. They descended the stairs and passed through a floral aisle into the tropical palm garden adjoining the shop. An orchestra played the wedding march from "Lohengrin" and also played selections during the tea hour. Gowis appropriate for an afternoon wedding were worn by the participants, with Mrs. Carlyle Holliman entering first attired in a brown outfit and carrying a brown sash bag to which was attached a cluster of gardenias. Miss Virginia Courts followed and her bouquet was formed of various flowers in the pastel shades. Miss Marian Wolff was an attractive figure, carrying a bouquet of gardenias and sweetheart roses. Miss Louise Moore's bouquet was formed of white roses and blue delphinium. Miss Virginia Torrance carried a bouquet of Talisman roses. Mrs. Robert Pogram IV, former Miss Nancy Frederick, made a lovely bride for the occasion and wore the conventional white satin costume and carried a bouquet of valley lilies designed in cascade effect.

A more informal bridal scene was also staged by this attractive group of girls who wore semi-tailored costumes with shoulder bouquets of harmonizing shades. Claude McGinnis Jr. acted as ringbearer for the occasion and wore a smart white satin suit.

Serving tea at the informal reception which followed were Misses Liza Tway, Constance Adams, Mae Latimer and Jean Lucas. A beautifully appointed table in the dining room, decorated with which were the handiwork of Wilmer Grier and Mr. Lee. In the center of the table was a five-tiered cake embossed in valley lilies and sweetheart roses. The cake rested on a platform formed of valley lilies and white rosebuds. Similar flowers decorated the buffet table, which was adorned with hand-decorated candlesticks in which burned white tapers added to the exquisite decorations.

A display of photographs of popular Atlanta brides taken during the past 15 years and collected by Mr. Lee was an entertaining feature of the occasion.

Mrs. Collier Honors Popular Debutante.

Miss Mary Meador Goldsmith, lovely debutante daughter of Mr. and Mrs. J. L. Goldsmith Jr., was honor guest at the buffet luncheon at which Mrs. Roy Collier was hostess yesterday at her home on Peachtree road.

Centering the table in the dining room was a graceful silver bowl filled with chrysanthemums in the shades of gold and bronze. Miss May Latimer acted as hostess.

Mrs. Collier's guests included Misses Frances Boykin, Charlotte King, May Latimer, Fort Scott Meador, Mary Meador Goldsmith, Elinor Smith, Sue Barnett, Gertrude Askew, Elizabeth Whitten, Caroline Selden, Sally Spalding, Teresa Hanger, Emily Lowe, Mary Adair Howell, Jean Lucas, Patty Porter, Liza Tway, Emily Walker and Marian Calhoun.

Kennedy—Milam.

CARTERSVILLE, Ga., Nov. 15.—The marriage of Miss Margaret Kennedy, former resident of Chattanooga, to William Milam, of Cartersville, took place Monday, October 24. The ceremony was quietly solemnized.

Mrs. Milam, who is the daughter of the late Mr. and Mrs. James Pais, was born in Scotland. She was educated in the States and is a graduate nurse connected with the American Red Cross. She has been affiliated with leading hospitals and did meritorious work with the Red Cross in the Mississippi flood area. For the past year she has been in Chattanooga with the United States department of health and recently received her reappointment.

Mrs. Milam is the son of Mr. and Mrs. Samuel Franklin Milam, lifelong residents of Cartersville. He and his bride will reside in Chattanooga.

Orphans Invited To Private Showing Of 'Golden Goose'

The Junior League in connection with the child welfare committee of the Atlanta Woman's Club will present a private performance of the Junior League children's play, "The Golden Goose," Thursday afternoon, November 17, in the Atlanta Woman's Club auditorium. Invited for this performance are the orphan children from the Atlanta Child's home, Hebrew Orphan home, Hillside orphanages and the convalescent children from the Henrietta Estleton hospital.

Receiving the guests will be Mrs. Montgomery K. Young and Mrs. Mary Griffith Dobbs, chairmen of the Woman's Club child welfare committee, and Mrs. Green Warren, children's play chairman for the Junior League.

Four public performances of this play are scheduled for Friday and Saturday of this week, the first to be given Friday afternoon at 2:30 o'clock followed by an evening performance at 8:30 o'clock. At the same hours on Saturday the play will be presented all four performances to take place at the Atlanta Woman's Club on Peachtree street, near Fourteenth street. The tickets are 25 cents for children and 35 cents for adults in the afternoon and 50 cents for children and 75 cents for adults in the evening.

Debutantes To Sponsor Brilliant Bridge Party and Fashion Revue

Miss Sally Spalding, at the left, and Miss Sue Noble are a duo of attractive debutantes who will act as models in the fashion revue which will be a feature of the benefit to be sponsored by the Debutante Club this evening at the Piedmont Driving Club.

An outstanding event in the season's activities for members of the 1932-33 Debutante Club will be the brilliant contract bridge party and fashion revue to be staged by the debutantes this evening at 8:30 o'clock at the Piedmont Driving Club. The entire proceeds from this major benefit project will go to the children's ward of the Grady hospital, the charity adopted by the club.

Ten stunning debutantes will parade down a runway in the center of the ballroom to pose at a platform erected at the end of the room, displaying to advantage the latest word in the degrees of fashion, as supplied by Leon Frohman. Tables for the bridge party will be placed on either side of the platform in the ballroom. Antonio's beauty parlor will arrange the coiffure of each model.

Attractive prizes have been donated by local merchants as awards for winning bridge scores and numerous valuable prizes will also be given in contests to those attending the party and not participating in the bridge game. Tickets are \$1 each and may be purchased from the door.

Debutante Models.

The graceful debutante mannikins and the gorgeous gowns and wraps, which were especially purchased in New York city by Leon Frohman's for this occasion, are listed below, giving a hint of the exquisite collection to be viewed by the audience this evening.

Miss Sue Noble will wear a suit of imported English tweed, with a black and gray fox scarf crossing to make a contrasting throw around the neck. The blouse is of black satin. Miss Noble will also wear a black and white velvet dress with collar of white trimmed in white fox.

The stunning gown of sequins to be worn by Miss Noble features a tures a girdle of crimson velvet and a matching jacket, and is cut on princess lines. In addition, she will wear a white sequin and lace evening gown with black coat and large cape collar of white ermine.

Hats to match each costume also will be furnished by Leon Frohman millinery salon.

Style by Annette

Woolen jumper dress with blue cashmere wool jersey made the original. The gimpes showed smart contrast in orange-red shade spotted in white and winter fashion blouse.

Don't you adore the way the bodice of the dress fastens at the sides? The buttons were in the vivid red shade. Inverted pleats provide the necessary width to the skirt.

Style No. 440 is designed for sizes 8, 10, 12 and 14 years. Size 10 requires 1 3/4 yards of 30-inch material for dress with 1 3/4 yards of 35-inch material for blouse.

It would pay you to send for a copy of our fall and winter fashion book which will help you plan your fall wardrobe. And you will save money in using our low-priced patterns. Book shows large variety of styles for ladies, misses and children, special styles for stouts, embroidery, dressmaking, etc.

Price of book, 15 cents. Price of pattern, 15 cents in stamps or coin (coin is preferred). Wrap coin carefully.

SHOOTING METEORS MAY BE OBSERVED THURSDAY MORNING

Atlantians who failed to observe the meteoric shower of Leonids in the eastern skies last night will have a second opportunity, so far as astronomical conditions are concerned, to witness the phenomenon again Thursday morning if they desire to arise in the wee sma' hours between 3 a. m. and daybreak, during which time the heavenly show is scheduled to be repeated.

The Leonids, which shoot across the heavens every 33 years, will provide this generation with its most thrilling astral exhibition, provided atmospheric conditions are favorable. In the Atlanta area, according to the weather outlook, the chances are that citizens will be more or less disappointed because of cloud conditions, or, conversely, because of a too bright moon. Forecaster Mandlins sees both possibilities as a mar to the Leonids display locally.

The most magnificent display of the shooting meteors occurred in the year 1833, when they rained across the eastern skies at the estimated rate of 1,000 a second. In 1890 the planet Jupiter and his show of Leonids by gravity influence.

LAST SERVICES TODAY FOR JEWEL T. MANUS

Last services for Jewel T. Manus, 31, of 187 Hunter street, S. E., an employee of The Constitution, who was killed Monday morning at Reasaca, Ga., when his delivery truck was struck by an N. C. & St. L. passenger train, will be held at 2 o'clock tomorrow afternoon at the funeral home of Mr. Manus, near Houghton.

The Rev. Otis McNeil will officiate, and interment will be at the cemetery. Mr. Manus, who served for The Constitution for several years, was on his way to discharge a load of papers in Reasaca, Ga., when he was struck by the train when the engine of the train demolished his truck. He is survived by his wife, a stepdaughter, his father and several brothers and sisters. Howard L. Carmichael is in charge of arrangements.

Lillian Mae Patterns.

Rules laid down to govern bidding at the Contract table should ordinarily be followed, but a good Contract player must realize the exceptions to their application, which arise in almost every game. It is a generally accepted principle that a man who has a partner has opened the bidding and Second Hand passes, you must give him a chance to speak before you open your hand.

Only from 2-1-2 to 3 playing-tricks in support of the bid, which is not enough to justify a free raise. The reason for this is firmly grounded in the fact that when the bidding is opened the players are groping in the dark, seeking to establish a minimum. In any event, if an exception can be found to give the opening bidder a chance to bid again, it should be made.

The situation is a most interesting one. In the first instance there has been an affirmative declaration of playing-tricks in support of partner's bid. In the second instance, the hand may be a bare minimum, only strong enough to give partner an opportunity to rebid, if his hand was strong.

This being understood, I wish to give a hand which occurred in a recent team-four match in which while both players appreciated the rule, one, holding the North hand, realized the exception and applied it, and thus reached a game contract, while the other, failing to read his

FRIENDLY COUNSEL

BY CAROLINE CHATFIELD
Problems of general interest submitted by readers will be discussed in this column. Correspondence invited. Your name held in confidence. Write Miss Chatfield, care The Atlanta Constitution.

DEAR MISS CHATFIELD: I am the mother of six children all grown, and I have slaved to supply them the necessities of life as their father has never been able to do this without my help. All I have done is have done willingly and gladly but now that they are grown they do not appreciate me but regard me as a work-horse. They are impatient to me and don't see why I am not capable of doing the same work now that I did when I was younger. Their father has a job away from home and I have the full responsibility of the home and of them. Can you tell me how I can make them realize how just their attitude is and also how to make them change?

ANSWER: It's too late to make grown children realize the injustice they do their mother when they are impatient to her and treat her like a hireling. But it is not too late for you to put yourself out of the reach of their scolding voices and their grasping fingers. You have two alternatives, remaining where you are and making the best of a bad situation for which you are largely responsible or closing your house and going to join your husband, leaving the children to shift for themselves. Grown children of a poor couple should be self-supporting. If they are not due to the stress of the times—there is a shadow of excuse for their dependence but the very fact that they are dependent should make them dependent in their attitude toward their mother who slaves for them.

When people step on you it is due to the fact that you get under their feet and remain there. The only way to stop it is to get up and put yourself out of the reach of their feet. Some women have a perfect genius for finding and keeping positions of inferiority in their homes. Lack of spirit, excessive selfishness (one can be too unselfish for the good of the state) and a mistaken conception of duty, all contribute to this bad situation. Take stock of what you have gained, or rather of what you have lost, and make a new plan for your life, then follow it.

DEAR MISS CHATFIELD: I am in need of advice. I have a boy-friend that I am fond of. We have been going together for more than a year. He tells me I am the only girl he has ever loved and he has asked me to marry him. He takes me out often, spends money freely, and treats me well. But every now and then he gets fresh with me and when I scold him he gets mad and tells me to get out. Please tell me how to handle him.

ANSWER: Perhaps a little incident that happened recently around a luncheon table will answer your question. Three women and two men sat talking. One woman asked one of the men, now 60 years old, what attracted him to his wife when they were young. His reply was not in the best of taste, probably but it was very pointed. Said he: "She was the only girl that I couldn't kiss and none of the other boys could kiss her either; that made her different and set her up on a pedestal for me."

hand as an exception, permitted the opponents to play the hand and make a pass-score.

East and West vulnerable.

South West North East
10 ♠ (1) 2 ♠ (2) Pass
2NT(3) Pass 2NT(4) Pass
Pass Pass

1—Possibly a doubtful vulnerable Allendale. However, it was actually vulnerable.

2—In support of South's bid of one heart, North can count only a bare 3 playing-tricks. However, his hand presents on its face evidence of the fact that it is an exception. The fact that he holds two high honors in hearts clearly indicates that South's trump suit must be ragged. There is no other way than by bidding over the Overall that North can show this to his partner.

3—Offering an alternative road to game.

4—Naturally North prefers to play the hand at no-trump, as his honors now have a definitely added raise. There are no ruffing-tricks in support of hearts, but the honors in that suit, coupled with partner's length, should make it very valuable in the production of a no-trump game.

In the play, the Opening lead was a spade, West's hand suggesting no better alternative. The hearts, of course, were at once established, and the contract easily made.

At the other table, for this was a team-of-four match, South's Opening bid of one heart was overruled by West with one spade. But South passed, and West rebid his spades, and in the play made his point. The national convention was based upon North's realization that his hand presented an exception to a sound rule. H. L. Plummer Named Asst. Legion Adjutant

INDIANAPOLIS, Nov. 15.—(AP)—Harold L. Plummer, of Madison, Wis., was elected assistant national adjutant of the American Legion late today at the close of a two-day meeting here in care of this newspaper, enclosing a 3-cent stamp, self-addressed envelope.

Mr. Plummer was a national vice commander during the year between the Detroit and Portland (Ore.) national conventions and was a member of the national executive committee in 1926, 1927 and 1928. He was commander of the Wisconsin department one year also.

The executive committee this morning chose October 25 as the time of the 1933 national convention at Chicago. It took no action on an invitation that the legion assemble in Paris in 1937. Considerable time was devoted to discussion of veterans' claim settlements and hospitalization problems.

COTTON DECLINES IN LATE TRADING

Gain in Export Consumption Is Reported for U. S. Cotton

WASHINGTON, Nov. 15.—(AP)—An increase of 411,000 bales in the amount of cotton reported for export to October as compared to the same period last year was reported today by the textile division of the commerce department.

The division said 2,194,000 bales valued at \$89,613,000 were exported in the first quarter of the present cotton season as compared with 1,783,000 bales valued at \$72,918,000 in the corresponding three months in 1931. The increase in value was \$16,695,000 and 23 per cent in volume.

The textile division said the increase was largely due to larger shipments to France, Germany, the United Kingdom and Italy. France took 260,000 bales valued at \$12,414,000, an increase of 223,000 bales over the same period a year ago. Germany took 602,000 bales valued at \$30,181,000, an increase of 204,000 bales, while the United Kingdom took 364,000 bales valued at \$18,211,000, an increase of 153,000 bales.

NEW YORK, Nov. 15.—(AP)—Cotton was quiet today. Advances from a slight opening decline on trade buying and covering were followed by reactions under local selling and liquidation promoted by the action of the grain and stock markets.

The general cotton closing steady, net unchanged to 2 points. Year months were relatively easy in the opening in response to disappointed buyers. Offerings were scattered and prices turned steady. The market was quiet, with no significant movement in the major averages.

WASHINGTON, Nov. 15.—(AP)—The comptroller of the currency reported today that the 6,085 reporting national banks in continental United States, Alaska and Hawaii had resources of \$22,655,905,000 on September 30, an increase of \$108,284,000 over the same period last year. The increase was due to an increase in deposits and loans.

CLOSING HOURS

Want Ads are accepted up to 9 p. m. for publication the next day. The closing hour for the Sunday edition is 8:30 p. m. Saturday.

CLASSIFIED RATES

Daily and Sunday rates per line for consecutive insertions:

One line 20 cents
Three lines 50 cents
Seven lines 1.00
Minimum, 3 lines (12 words).

In estimating the space of an ad figure all average words as a line. Ads ordered for three or more days and stopped before expiration will only be charged for the number of times the ad appeared and adjustments made at the rate earned.

Errors in advertisements should be reported immediately. The Constitution will not be responsible for more than one incorrect insertion.

All want ads are restricted to their proper classification and the Constitution reserves the right to refuse or reject any advertisement.

TARZAN THE UNTAMED No. 129

Swiftly, Pat tore apart the bed clothes, knotted a staunch rope ladder, then, using all her strength, she saw a broad balcony. Carefully she lowered herself and ran to its edge.

Crowding the street beneath, in the rising dawn she was astonished to see British troops marching. And overhead, circled and swooped several airplanes which she recognized as part of the famous "Crimson Squadron."

Pat ran down a winding stairway. She plunged into a maze of corridors, running almost blindly, her instinct causing her to turn into any ramp or stairway that led her downward. Half stumbling, breathlessly, she made her way down and down.

Suddenly she was aware that walls no longer surrounded her. A man came running toward her, and her heart gave a leap as she recognized the uniform of the British army! She swayed and would have fallen had the soldier not caught her in his arms.
